Annual General Meeting of Shareholders

June 30, 2020
2:00 p.m. (Central European Summer Time)

MERUS N.V.
YALELAAN 62
3584 CM UTRECHT
THE NETHERLANDS

May [], 2020

To Our Shareholders:

You are cordially invited to attend the 2020 Annual General Meeting of Shareholders of Merus N.V. at 2:00 p.m. Central European Summer Time, on Tuesday, June 30, 2020, at the offices of NautaDutilh N.V. (Beethovenstraat 400, 1082 PR Amsterdam, the Netherlands). Recently, new rules have been enacted in the Netherlands in response to the public health impact of the COVID-19 pandemic caused by the novel coronavirus, which allow us, among other matters, to call for a virtual meeting without physical attendance by shareholders. Depending on the number of shareholders who register to attend the meeting in person, we might make use of the flexibility provided thereunder to switch to a virtual meeting, held solely by means of remote communication in order to protect the health and safety of our shareholders, our directors and others involved in the meeting. We can make that decision up to 48 hours before the meeting starts. If we take this step, we will announce the decision to do so in advance, and details on how to participate will be set forth in a press release issued by us and available at <https://ir.merus.nl/news-releases>, which will be filed as additional proxy soliciting material with the United States Securities and Exchange Commission. We will also publish that press release in a Dutch newspaper with national distribution, as required by Dutch law.

The Notice of Meeting and Proxy Statement on the following pages describe the matters to be presented at the Annual General Meeting. If you would like to attend the Annual General Meeting, you must inform the Company by e-mail (addressed to A.Noordzij@merus.nl) or in writing (addressed to Merus N.V., c/o Company Secretary, Yalelaan 62, 3584 CM Utrecht, the Netherlands) no later than 5:00 p.m. Central European Summer Time on June 29, 2020 to have your name placed on the attendance list. Please see the section called "Who Can Attend the Annual General Meeting?" on page 4 of the proxy statement for more information about how to attend the meeting in person.

Whether or not you attend the Annual General Meeting, it is important that your shares be represented and voted at the Annual General Meeting. Therefore, I urge you to promptly submit your proxy by phone, via the Internet, or by signing, dating and returning the enclosed proxy card in the enclosed envelope, which will require no postage if mailed in the United States, or by email (addressed to A.Noordzij@merus.nl). Further instructions will be contained on the proxy card. If you decide to attend the Annual General Meeting, you will be able to vote in person, even if you have previously submitted your proxy.

Thank you for your support.

Sincerely,

Sven (Bill) Ante Lundberg, M.D.

President, Chief Executive Officer and Principal Financial Officer

CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

This Proxy Statement contains forward-looking statements. All statements other than statements of historical facts contained in this Proxy Statement are forward-looking statements. In some cases, you can identify forward-looking statements by terms such as “may,” “will,” “should,” “expect,” “plan,” “anticipate,” “could,” “intend,” “target,” “project,” “contemplate,” “believe,” “estimate,” “predict,” “potential” or “continue” or the negative of these terms or other similar expressions, although not all forward-looking statements contain these words. All statements other than statements of historical fact contained in this Proxy Statement.

The forward-looking statements are only predictions and are based largely on our current expectations and projections about future events and financial trends that we believe may affect our business, financial condition and results of operations. These forward-looking statements speak only as of the date of this Proxy Statement and are subject to a number of known and unknown risks, uncertainties and assumptions, including those described in our Annual Report on Form 10-K filed with the United States Securities and Exchange Commission (“SEC”) on March 16, 2020 (as amended, the “Annual Report on Form 10-K”), under the sections entitled “Risk Factors” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” and elsewhere in the Annual Report on Form 10-K.

Because forward-looking statements are inherently subject to risks and uncertainties, some of which cannot be predicted or quantified and some of which are beyond our control, you should not rely on these forward-looking statements as predictions of future events. The events and circumstances reflected in our forward-looking statements may not be achieved or occur and actual results could differ materially from those projected in the forward-looking statements. Moreover, we operate in an evolving environment. New risk factors and uncertainties may emerge from time to time, and it is not possible for management to predict all risk factors and uncertainties. Except as required by applicable law, we do not plan to publicly update or revise any forward-looking statements contained herein, whether as a result of any new information, future events, changed circumstances or otherwise. We intend the forward-looking statements contained in this Proxy Statement to be covered by the safe harbor provisions for forward-looking statements contained in Section 27A of the Securities Act of 1933, as amended (the “Securities Act”), and Section 21E of the Securities Exchange Act of 1934, as amended (the “Exchange Act”).

Questions and Answers about the Annual General Meeting

WHO IS ENTITLED TO VOTE AT THE ANNUAL GENERAL MEETING?

The Record Date for the Annual General Meeting is June 2, 2020. Persons with Meeting Rights (i.e., (i) holders of common shares or who otherwise have voting rights and/or meeting rights with respect to common shares on the Record Date and (ii) holders of preferred shares (if any are issued) or who otherwise have voting rights and/or meeting rights with respect to preferred shares on the date of the Annual General Meeting, in each case provided that they are recorded as such in the Company's shareholders' register or in the register maintained by the Company's U.S. transfer agent) may attend and, if relevant, vote at the Annual General Meeting. Each outstanding common share and each outstanding preferred share (if any are issued) is entitled to one vote on all matters presented at the Annual General Meeting as voting items. At the close of business on June 2, 2020, there were [] common shares and no preferred shares outstanding.

WHAT IS THE DIFFERENCE BETWEEN BEING A "RECORD HOLDER" AND HOLDING SHARES IN "STREET NAME"?

A record holder holds shares in his or her name. Shares held in "street name" means shares that are held in the name of a bank or broker on a person's behalf.

AM I ENTITLED TO VOTE IF MY SHARES ARE HELD IN "STREET NAME"?

Yes. If your shares are held by a bank or a brokerage firm, you are considered the "beneficial owner" of those shares held in "street name." If your shares are held in street name, these proxy materials will be provided to you by your bank or brokerage firm, along with a voting instruction card. As the beneficial owner, you have the right to direct your bank or brokerage firm how to vote your shares, and the bank or brokerage firm is required to vote your shares in accordance with your instructions. If your shares are held in street name, you may not vote your shares in person at the Annual General Meeting, unless you obtain a legal proxy from your bank or brokerage firm.

HOW MANY SHARES MUST BE PRESENT TO HOLD THE ANNUAL GENERAL MEETING?

A quorum must be present at the Annual General Meeting for any voting item to be voted on. At the Annual General Meeting at least one-third of the Company's issued and outstanding shares must be represented in order to constitute a quorum.

WHO CAN ATTEND THE ANNUAL GENERAL MEETING?

You may attend the Annual General Meeting if you are a Person with Meeting Rights (see above under "Who is entitled to vote at the Annual General Meeting"), or if you hold a valid proxy from a Person with Meeting Rights for the Annual General Meeting. If you would like to attend the Annual General Meeting, in person or represented by proxy, you must notify the Company by e-mail (addressed to A.Noordzij@merus.nl) or in writing (addressed to Merus N.V., c/o Company Secretary, Yalelaan 62, 3584 CM Utrecht, the Netherlands) of your identity and intention to attend the Annual General Meeting. This notice must be received by the Company no later than on 17:00 (5:00) p.m. Central European Summer Time on June 29, 2020 (the "Cut-off Time"). If you do not comply with this requirement, you may be refused entry to the Annual General Meeting. Proxyholders who wish to attend the Annual General Meeting should also present a copy of their proxy upon entry to the Annual General Meeting,

[Table of Contents](#)

QUESTIONS AND ANSWERS ABOUT THE ANNUAL GENERAL MEETING

failing which the proxyholder concerned may be refused entry to the Annual General Meeting. In order to be admitted into the Annual General Meeting, you may be asked to present government-issued photo identification (such as a driver's license). If your bank or broker holds your shares in street name, you may also be required to present proof of beneficial ownership of our common shares on the Record Date, such as a bank or brokerage statement or a letter from your bank or broker showing that you owned our common shares at the close of business on the Record Date.

Depending on the number of shareholders who register to attend the meeting in person, we might switch to a virtual meeting, held solely by means of remote communication in order to protect the health and safety of our shareholders, our directors and others involved in the meeting. We can make that decision up to 48 hours before the meeting starts. If we take this step, we will announce the decision to do so in advance, and details on how to participate will be set forth in a press release issued by us and available at <https://ir.merus.nl/news-releases>, which will be filed as additional proxy soliciting material with the SEC. We will also publish that press release in a Dutch newspaper with national distribution, as required by Dutch law.

WHAT IF A QUORUM IS NOT PRESENT AT THE ANNUAL GENERAL MEETING?

If the requisite quorum (see above under "How many shares must be present to hold the Annual General Meeting") is not present, then the Annual General Meeting cannot validly pass any of the voting items on the agenda for the Annual General Meeting and a new meeting shall be convened in accordance with applicable law.

WHAT DOES IT MEAN IF I RECEIVE MORE THAN ONE SET OF PROXY MATERIALS?

It means that your common shares are held in more than one account at the transfer agent and/or with banks or brokers. Please vote all of your shares. To ensure that all of your shares are voted, for each set of proxy materials please submit your proxy by phone, via the Internet, or by signing, dating and returning the enclosed proxy card in the enclosed envelope.

HOW DO I VOTE?

We recommend that shareholders submit their proxy, even if they plan to attend the Annual General Meeting and vote in person. There are four ways to vote by proxy:

- by Telephone—You can vote by telephone by calling 1-800-690-6903 and following the instructions on the proxy card;
- by Internet—You can vote over the Internet at www.proxyvote.com by following the instructions on the proxy card;
- by Mail—You can vote by mail by signing, dating and mailing the proxy card; or
- by Email—You can vote by email by signing, dating and emailing the proxy card to A.Noordzij@merus.nl.

Telephone and Internet voting facilities will be available 24 hours a day and will close at the Cut-off Time.

Submitting a proxy will not prevent you from voting your shares at the Annual General Meeting if you desire to do so, as your proxy is revocable at your option.

If your shares are held in street name through a bank or broker, you will receive instructions on how to vote from the bank or broker. You must follow their instructions in order for your shares to be voted. Telephone and Internet voting also may be offered to shareholders owning shares through certain banks and brokers. If your shares are

QUESTIONS AND ANSWERS ABOUT THE ANNUAL GENERAL MEETING

held in street name and you would like to vote your shares in person at the Annual General Meeting, you should contact your bank or broker to obtain a legal proxy, bring it to the Annual General Meeting in order to vote and notify the Company in writing of your identity and intention to attend the Annual General Meeting (see above under "Who can attend the Annual General Meeting?").

CAN I CHANGE MY VOTE AFTER I SUBMIT MY PROXY?

Yes.

You may revoke your submitted proxy and change your vote prior to the Cut-off Time:

- by submitting a duly executed proxy bearing a later date; or
- by granting a subsequent proxy through the Internet or telephone.

Your most recent proxy card or telephone or Internet proxy is the one that will be counted. You may also attend the Annual General Meeting in person and revoke your proxy at the meeting or grant a separate proxy in writing to a representative who may attend the Annual General Meeting in person and revoke your prior proxy at the meeting on your behalf.

If your shares are held in street name, you may change or revoke your voting instructions by following the specific directions provided to you by your bank or broker, or you may vote in person at the Annual General Meeting by obtaining a legal proxy from your bank or broker, bringing your legal proxy to the Annual General Meeting in order to vote and notifying the Company in writing of your identity and intention to attend the Annual General Meeting (see above under "Who can attend the Annual General Meeting?").

WHO WILL COUNT THE VOTES?

Broadridge Financial Solutions, Inc. will tabulate the votes submitted by proxy prior to the Cut-Off Time as described in this proxy statement. This tabulation will be provided to the Company. Votes cast at the Annual General Meeting by Persons with Meeting Rights attending in person shall be tabulated by a civil law notary of NautaDutilh N.V. (or a substitute).

WHAT IF I DO NOT SPECIFY HOW MY SHARES ARE TO BE VOTED?

If you submit a proxy but do not indicate any voting instructions, the persons named as proxies will vote in accordance with the recommendations of the board of directors. The board of directors' recommendations are indicated on page 2 of this proxy statement, as well as with the description of each proposal in this proxy statement.

WILL ANY OTHER BUSINESS BE CONDUCTED AT THE ANNUAL GENERAL MEETING?

No business shall be voted on at the Annual General Meeting, except such items as included in the agenda for the meeting included on page 2 of this proxy statement.

HOW MANY VOTES ARE REQUIRED FOR THE APPROVAL OF THE PROPOSALS TO BE VOTED UPON?

Other than the proposals to re-appoint Mark Iwicki and Gregory D. Perry and to appoint Paolo Pucci as non-executive directors and the proposal to approve the removal of the pre-defined windows during which options granted under the 2010 Plan may be exercised, each voting item on the agenda for the Annual General Meeting

[Table of Contents](#)

QUESTIONS AND ANSWERS ABOUT THE ANNUAL GENERAL MEETING

requires the affirmative vote of a simple majority of the valid votes cast. The proposals to re-appoint Mark Iwicki and Gregory D. Perry and to appoint Paolo Pucci as non-executive directors are based on a binding nomination proposed by the board of directors. The proposed candidate specified in a binding nomination shall be appointed provided that the requisite quorum is present or represented at the Annual General Meeting, unless the nomination is overruled by the Annual General Meeting which would result if at least a two-thirds majority of the votes cast, representing more than half of the Company's issued share capital, vote against the re-appointment. The proposal to approve the removal of the pre-defined windows during which options granted under the 2010 Plan may be exercised requires the affirmative vote of at least two-thirds of the votes cast and provided that at least two-thirds of the Company's issued share capital is present or represented at the Annual General Meeting.

Also, at the Annual General Meeting at least one-third of the Company's issued and outstanding shares must be represented in order to constitute a quorum.

WHAT IS AN ABSTENTION AND HOW WILL ABSTENTIONS BE TREATED?

An "abstention" represents a shareholder's affirmative choice to decline to vote on a proposal. Abstentions are counted as present and entitled to vote for purposes of determining a quorum. Abstentions have no effect on the proposals.

WHAT ARE BROKER NON-VOTES AND DO THEY COUNT FOR DETERMINING A QUORUM?

Generally, broker non-votes occur when shares held by a broker in "street name" for a beneficial owner are not voted with respect to a particular proposal because the broker (1) has not received voting instructions from the beneficial owner and (2) lacks discretionary voting power to vote those shares. A broker is entitled to vote shares held for a beneficial owner on routine matters without instructions from the beneficial owner of those shares, in which case your shares will count for purposes of determining whether a quorum is present. On the other hand, absent instructions from the beneficial owner of such shares, a broker is not entitled to vote shares held for a beneficial owner on non-routine matters, such as the appointment of directors. Broker non-votes have no effect on the proposals and do not count for purposes of determining whether a quorum is present.

WHERE CAN I FIND THE VOTING RESULTS OF THE ANNUAL GENERAL MEETING?

We plan to announce whether the proposals have passed with the requisite majority at the Annual General Meeting and we will report the final voting results in a Current Report on Form 8-K, which we intend to file with the SEC after the Annual General Meeting.

PROPOSAL 7 – APPROVAL OF REMOVAL OF THE PRE-DEFINED EXERCISE WINDOWS APPLICABLE TO OPTIONS GRANTED UNDER THE COMPANY'S 2010 EMPLOYEE OPTION PLAN

PROPOSAL 7

Approval of the amendment of the terms applicable to options granted under the Company's 2010 employee option plan to remove the pre-defined windows during which such options may be exercised

Pursuant to, and subject to the terms of, the Company's 2010 employee option plan (the "2010 Plan"), certain options to acquire common shares in the Company's capital have been awarded to certain employees and officers of the Company (the "2010 Options"). The exercise of the 2010 Options is subject to the provisions of the respective option agreements which have been entered into with the employees and officers who were granted 2010 Options (the "2010 Option Agreements"). Pursuant to the 2010 Option Agreements, unless otherwise determined by the Company, the 2010 Options may only be exercised in either of the following exercise windows: (a) within two months following the end of a calendar year or (b) within two months following the adoption of the Company's annual accounts by the Company's general meeting of shareholders (the "Exercise Windows").

The Company wishes to amend the terms of the 2010 Option Agreements by removing the pre-defined Exercise Windows (without prejudice to the restrictions and limitations under the Company's insider trading policy and applicable law, including applicable closed or blackout periods), because limiting exercise of the 2010 Options to the Exercise Windows has had the unintended effect of prohibiting certain employees from exercising at any time and limiting their ability to do an exercise and sell-to-cover transaction. The proposed change to the 2010 Option Agreements would be consistent with the terms of the Company's 2016 incentive award plan, pursuant to which certain options to acquire common shares in the Company's capital have been awarded to certain employees and officers of the Company (the "2016 Options"), which 2016 Options may be exercised at any time (subject to restrictions and limitations under the Company's insider trading policy and applicable law, including applicable closed or blackout periods or possession of material non-public information).

VOTE REQUIRED

This proposal requires a majority of at least two-thirds of the votes cast and is subject to a quorum of at least one-third of the Company's issued share capital being present or represented at the Annual General Meeting. Abstentions and broker non-votes are not considered to be votes cast and, accordingly, will have no effect on the outcome of the vote on this proposal.

RECOMMENDATION OF THE BOARD OF DIRECTORS

The board of directors unanimously recommends a vote FOR the approval of the amendment of the terms applicable to options granted under the Company's 2010 employee option plan to remove the pre-defined windows during which such options may be exercised.

PROPOSAL 8

Granting authorization to acquire shares (or depository receipts for such shares) in the Company's capital

The board of directors has been authorized, for a period ending on December 12, 2020, to resolve for the Company to acquire fully paid-up shares in the Company's capital (or depository receipts for such shares) by any means, including through derivative products, purchases on a stock exchange, private purchases, block trades, or otherwise, for a price per share which is higher than nil and no higher than 110% of the average closing price of the Company's common shares on the Nasdaq Global Market ("Nasdaq") (such average closing price being calculated over the five trading days preceding the date the acquisition is agreed upon by the Company), up to 10% of the Company's issued share capital.

It is now proposed to renew the authorization of the board of directors, for a period of 18 months following the date of the Annual General Meeting, to resolve for the Company to acquire fully paid-up shares in the Company's capital (or depository receipts for such shares) by any means, including through derivative products, purchases on a stock exchange, private purchases, block trades, or otherwise, for a price per share which is higher than nil and no higher than 110% of the average closing price of the Company's common shares on the Nasdaq (such average closing price being calculated over the five trading days preceding the date the acquisition is agreed upon by the Company), up to 10% of the Company's issued share capital (determined as at the close of business on the date of the Annual General Meeting). If this proposal is passed, the proposed authorization shall replace the existing authorization referred to in the previous paragraph.

VOTE REQUIRED

This proposal requires a simple majority of votes cast in favor of the proposal. Abstentions and broker non-votes are not considered to be votes cast and, accordingly, will have no effect on the outcome of the vote on this proposal.

RECOMMENDATION OF THE BOARD OF DIRECTORS

The board of directors unanimously recommends a vote FOR the granting authorization to acquire shares (or depository receipts for such shares) in the Company's capital.

PROPOSAL 9 – APPROVAL OF REMOVAL OF THE AWARD LIMIT AS TO THE NUMBER OF SHARES AWARDED FOR THE INITIAL AND ANNUAL AWARDS UNDER THE COMPANY'S NON-EXECUTIVE DIRECTOR COMPENSATION PROGRAM

PROPOSAL 9

Approval of the amendment of the Company's Non-Executive Director Compensation Program ("NED Program") to remove the limit on the number of shares that may be awarded to a non-executive director for initial and annual awards under the NED Program. The number of shares subject to such awards will continue to be determined by the grant date fair value set forth in the NED Program

Pursuant to, and subject to the terms of, the Company's NED Program, upon a non-executive director's initial appointment to our board, a director receives an option to purchase the number of common shares of the company having an aggregate grant date fair value of \$218,545 ("Initial Award"), which value is determined using a Black-Scholes option pricing model and the valuation assumptions used by the Company in accounting for options as of such date; provided, that the fair market value of the common shares of the Company used in such calculation is based on the average trading price of the common shares of the Company over the preceding thirty day period. If a director has served on our board for at least six months as of the date of an annual meeting of shareholders, and will continue to serve as a non-executive director immediately following such meeting, the director is granted an option to purchase the number of common shares of the company having an aggregate grant date fair value of \$109,273 ("Annual Award") which value is determined using a Black-Scholes option pricing model and the same assumptions described above. The aggregate grant date fair value of each Initial Award and Annual Award under the NED Program shall, subject to approval by the board of directors, increase on the first day of each calendar year by an amount equal to 3% of the grant date fair value applicable to Initial Awards and Annual Awards in effect as of the end of the immediately preceding calendar year. Notwithstanding the foregoing, the number of shares awarded pursuant to an Initial Award is not to exceed 17,000 common shares and an Annual Award is not to exceed 8,500 common shares.

The Company wishes to amend the terms of the NED Program by removing the limit on the number of shares awarded under the Initial Award and Annual Award (without prejudice to the restrictions and limitations under the Company's NED Program). The number of shares subject to Initial Awards and Annual Awards will continue to be determined by the grant date fair value set forth in the NED Program. The proposed change to the NED Program would permit the Company to issue options that meet the monetary limits irrespective of share price.

VOTE REQUIRED

This proposal requires a simple majority of votes cast in favor of the proposal. Abstentions and broker non-votes are not considered to be votes cast and, accordingly, will have no effect on the outcome of the vote on this proposal.

RECOMMENDATION OF THE BOARD OF DIRECTORS

The board of directors unanimously recommends a vote FOR the approval of the amendment of the NED Program to remove the limit on the number of shares that may be awarded to a non-executive director for initial and annual awards under the NED Program. The number of shares subject to such awards will continue to be determined by the grant date fair value set forth in the NED Program.

Report of the audit committee of the board of directors

The audit committee has reviewed the Company's audited financial statements for the financial year ended December 31, 2019 and has discussed these financial statements with management and the Company's independent registered public accounting firm. The audit committee has also received from, and discussed with, the Company's independent registered public accounting firm various communications that such independent registered public accounting firm is required to provide to the audit committee, including the matters required to be discussed by the applicable requirements of the Public Company Accounting Oversight Board ("PCAOB") and the Securities and Exchange Commission.

The Company's independent registered public accounting firm also provided the audit committee with a formal written statement required by PCAOB Rule 3526 (*Communications with audit committees Concerning Independence*) describing all relationships between the independent registered public accounting firm and the Company, including the disclosures required by the applicable requirements of the PCAOB regarding the independent registered public accounting firm's communications with the audit committee concerning independence. In addition, the audit committee discussed with the independent registered public accounting firm its independence from the Company. The audit committee also considered whether the independent registered public accounting firm's provision of certain other non-audit related services to the Company is compatible with maintaining such firm's independence.

Based on its discussions with management and the independent registered public accounting firm, and its review of the representations and information provided by management and the independent registered public accounting firm, the audit committee recommended to the board of directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the financial year ended December 31, 2019.

Corporate Governance

GENERAL

Our board of directors has adopted, among other policies, board rules, an Insider Trading Policy, a Code of Business Conduct and Ethics, an Anti-Corruption Policy and charters for our nomination and corporate governance committee, audit committee, and compensation committee to assist the board of directors in the exercise of its responsibilities and to serve as a framework for the effective governance of the Company. You can access our current committee charters and our board rules in the “Corporate Governance” section, under “Governance Documents” of the “Investors & Media” page of our website located at www.merus.nl.

BOARD COMPOSITION

Our board of directors currently consists of eight members: Sven (Bill) Ante Lundberg M.D., Mark Iwicki, Russell G. Greig, Ph.D., Len Kanavy, John de Koning, Ph.D., Anand Mehra, M.D., Gregory D. Perry and Victor Sandor, M.D. On May 11, 2020, our board of directors nominated Mr. Iwicki and Mr. Perry for re-appointment and Mr. Pucci for appointment at the Annual General Meeting as non-executive directors for a term ending immediately after the annual general meeting of shareholders to be held in 2024. On May 9, 2020 and May 10, 2020, respectively, Mr. Greig and Mr. de Koning resigned from our board of directors, effective from the conclusion of the Annual General Meeting. If Mr. Iwicki and Mr. Perry are re-appointed and Mr. Pucci is appointed at the Annual General Meeting, the board of directors will consist of seven directors, with six non-executive directors and one executive director. Due to the changes in the composition of our board of directors, the composition of the committees of our board of directors will be revised following the Annual General Meeting. Each board member is appointed for an initial term of four years. A non-executive director may be re-appointed for one subsequent term of up to four years followed by up to two subsequent terms of up to two years. An executive director may serve for an unlimited number of terms of up to four years. Our articles of association provide that the number of executive and non-executive directors may only be determined by our board of directors. Our directors are appointed on the basis of a binding nomination prepared by our board of directors. Our general meeting of shareholders may overrule the binding nomination by a resolution passed by a two-thirds majority of votes cast, provided such majority represents more than half of our issued share capital, in which case our board of directors shall be allowed to make a new binding nomination. Our directors may be dismissed only by a resolution at a general meeting of shareholders. Dismissal of a director by our general meeting of shareholders requires a two-thirds majority of votes cast, provided such majority represents more than half of our issued share capital, unless the dismissal is proposed by the board of directors, in which latter case a simple majority of votes cast will suffice to pass the resolution.

DIRECTOR INDEPENDENCE

All of our directors and director nominee, other than Sven (Bill) Ante Lundberg, M.D., qualify as “independent” in accordance with Nasdaq listing requirements. The Nasdaq independence definition includes a series of objective tests, including that the director is not, and has not been for at least three years, one of our employees and that neither the director nor any of his or her family members has engaged in various types of business dealings with us. In addition, as required by Nasdaq rules, our board of directors has made a subjective determination as to each independent director that no relationships exist, which, in the opinion of our board of directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In making these determinations, our board of directors reviewed and discussed information provided by the directors and us

[Table of Contents](#)

CORPORATE GOVERNANCE

with regard to each director's business and personal activities and relationships as they may relate to us and our management. Dr. Lundberg is not independent because he is the President, Chief Executive Officer and Principal Financial Officer of our Company.

DIRECTOR CANDIDATES

The nomination and corporate governance committee is responsible for drawing up selection criteria and appointment procedures for the directors. In searching for qualified director candidates for appointment to the board of directors and filling vacancies on the board of directors, the nomination and corporate governance committee may solicit current directors and executives of the Company for the names of potentially qualified candidates or ask directors and executives to pursue their own business contacts for the names of potentially qualified candidates. The nomination and corporate governance committee may also consult with outside advisors or retain search firms to assist in the search for qualified candidates, or consider director candidates recommended by our shareholders. Once potential candidates are identified, the nomination and corporate governance committee reviews the backgrounds of those candidates, evaluates candidates' independence from the Company and potential conflicts of interest and determines if candidates meet the qualifications desired by the nomination and corporate governance committee for candidates for appointment as a director. Paolo Pucci, a nominee for appointment to our board of directors, was identified as a potential candidate to serve on our board of directors by several non-executive directors and our Chief Executive Officer and was recommended by our Chief Executive Officer.

In evaluating the suitability of individual candidates (both new candidates and current board members), the nomination and corporate governance committee, in recommending candidates for appointment, and the board of directors, in approving (and, in the case of vacancies, appointing), may take into account many factors, including: personal and professional integrity, ethics and values; experience in corporate management, such as serving as an officer or former officer of a publicly held company; strong finance experience; experience relevant to our industry; experience as a board member or executive officer of another publicly held company; experience relevant to an international company; relevant academic expertise or other proficiency in an area of our operations; diversity of expertise and experience in substantive matters pertaining to the Company's business relative to other board members; diversity of background and perspective, including, but not limited to, with respect to age, gender, ethnicity, and specialized experience; practical and mature business judgment, including, but not limited to, the ability to make independent analytical inquiries; and any other relevant qualifications, attributes or skills. The board of directors evaluates each individual in the context of the Board as a whole, with the objective of assembling a group that can best perpetuate the long-term success and sustainability of the business and further the interests of our stakeholders, including shareholders, through the exercise of sound judgment using its diversity of experience in these various areas. In determining whether to recommend a director for re-appointment, the nomination and corporate governance committee may also consider the director's past attendance at meetings and participation in and contributions to the activities of the board of directors.

Shareholders may recommend individuals to our nomination and corporate governance committee for consideration as potential director candidates by submitting the names of the recommended individuals, together with appropriate biographical information and background materials, to our nomination and corporate governance committee, c/o Secretary, Merus N.V., Yalelaan 62, 3584 CM Utrecht, the Netherlands. In the event there is a vacancy, and assuming that appropriate biographical and background material has been provided on a timely basis, the committee will evaluate shareholder-recommended candidates by following substantially the same process, and applying substantially the same criteria, as it follows for candidates submitted by others.

COMMUNICATIONS FROM SHAREHOLDERS

The board of directors will give appropriate attention to written communications that are submitted by shareholders, and will respond if and as appropriate. Our Secretary and General Counsel are primarily responsible for monitoring communications from shareholders and for providing copies or summaries to the directors as they consider appropriate.

Communications are forwarded to all directors if they relate to important substantive matters and include suggestions or comments that our Secretary or General Counsel and Chairman of the Board consider to be important for the directors to know. In general, communications relating to corporate governance and long-term corporate strategy are more likely to be forwarded than communications relating to ordinary business affairs, personal grievances and matters as to which we tend to receive repetitive or duplicative communications. Shareholders who wish to send communications on any topic to the board of directors should address such communications to the board of directors in writing: c/o Secretary, Merus N.V., Yalelaan 62, 3584 CM Utrecht, the Netherlands.

BOARD LEADERSHIP STRUCTURE AND ROLE IN RISK OVERSIGHT

Our Board is comprised of individuals with extensive experience with the biotechnology and pharmaceutical industries. Our Board Rules provide that the Chairman and the Vice Chairman of the Board must be a non-executive director. Our executive director is charged primarily with the Company's day-to-day business and operations and the implementation of the Company's strategy. Our non-executive directors are charged primarily with the supervision of the performance of the duties of our board of directors. Our board of directors has concluded that our current leadership structure is appropriate at this time. However, our board of directors will continue to periodically review our leadership structure and may make such changes in the future as it deems appropriate. Risk assessment and oversight are an integral part of our governance and management processes.

Our board of directors encourages management to promote a culture that incorporates risk management into our corporate strategy and day-to-day business operations. Management discusses strategic and operational risks at regular management meetings and conducts specific strategic planning and review sessions during the year that include a focused discussion and analysis of the risks facing us. Throughout the year, senior management reviews these risks with the board of directors at regular board meetings as part of management presentations that focus on particular business functions, operations or strategies, and presents the steps taken by management to mitigate or eliminate such risks. Our board of directors does not have a standing risk management committee, but rather administers this oversight function directly through the board of directors as a whole, as well as through various standing committees of the board of directors that address risks inherent in their respective areas of oversight. In particular, our board of directors is responsible for monitoring and assessing strategic risk exposure, including with respect to business continuity risks such as risks relating to the COVID-19 pandemic, and our audit committee is charged with overseeing the responsibilities of our board of directors with respect to the application of information and communication technology by the Company, including risks relating to cybersecurity. The audit committee also periodically reviews our policies and procedures for reviewing and approving or ratifying "related person transactions" (defined as transactions required to be disclosed pursuant to Item 404 of Regulation S-K), including our related person transaction policy, and recommends any changes to our board of directors, and in accordance with our related person transaction policy and the Nasdaq rules, our audit committee conducts appropriate review and oversight of all related person transactions for potential conflict of interest situations on an ongoing basis. Our compensation committee is charged with submitting clear and understandable proposals to our board of directors concerning changes to our compensation policies. The board of directors does not believe that its role in the oversight of our risks adversely affects the board of directors' leadership.

CORPORATE GOVERNANCE

ANNUAL BOARD EVALUATION

Our Board Rules require an annual assessment of the board of directors and its committees and the nomination and corporate governance committee charter requires the nomination and corporate governance committee to oversee such annual assessment.

CODE OF BUSINESS CONDUCT AND ETHICS

We have adopted a written Code of Business Conduct and Ethics that applies to our directors, officers and employees, including our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions, and others temporarily assigned to perform work or services for us. We have posted a current copy of the Code of Business Conduct and Ethics on our website, www.merus.nl. Our board of directors is responsible for administering the Code of Business Conduct and Ethics. The board of directors is allowed to amend, alter or terminate the Code of Business Conduct and Ethics. In addition, we intend to post on our website all disclosures that are required by law or the Nasdaq rules concerning any amendments to, or waivers from, any provision of the Code of Business Conduct and Ethics.

ANTI-HEDGING POLICY

Our Board of Directors has adopted an Insider Trading Compliance Policy, which applies to all of our directors, officers and employees. The policy prohibits our directors, officers and employees and any entities they control from purchasing financial instruments such zero-cost collars and forward sale contracts, or otherwise engaging in transactions that hedge or offset, or are designed to hedge or offset, any decrease in the market value of the Company's equity securities, or that may cause an officer, director, or employee to no longer have the same objectives as the Company's other stockholders.

ATTENDANCE BY MEMBERS OF THE BOARD OF DIRECTORS AT MEETINGS

There were six (6) meetings of the board of directors during the financial year ended December 31, 2019. During the financial year ended December 31, 2019, each director attended at least 75% of the aggregate of all meetings of the board of directors and meetings of the committees on which the director served during the period in which he served as a director.

Currently, we do not maintain a formal policy regarding director attendance at the Annual General Meeting; however, due to the location of our Annual General Meetings in the Netherlands, the residence of some of our directors in the United States and the fact that regular board meetings do not take place at or around the time of the annual general meetings of shareholders, we do not require directors to attend annual general meetings of shareholders. Two of our then-serving directors attended our 2019 Annual General Meeting held on June 12, 2019.

Committees of the Board

Our board of directors has established an audit committee, compensation committee, and nomination and corporate governance committee—each of which operates under a written charter that has been approved by our Board and that are available in the Investors & Media section of our website at www.merus.nl. All of the members of each of these committees are independent as defined under the Nasdaq rules. Our board of directors has determined that Gregory D. Perry, Anand Mehra, M.D., and John de Koning, Ph.D., meet the independence requirements of Rule 10A-3 under the Securities Exchange Act of 1934, as amended (the “Exchange Act”). All members of the compensation committee meet the heightened standard for independence specific to members of a compensation committee under the Nasdaq rules and each qualifies as a “non-employee director” as defined in Rule 16b-3 of the Exchange Act. All members of the nomination and corporate governance committee are independent under the Nasdaq rules.

The members of each of the audit, compensation, nomination and corporate governance committees and the committee Chairs are set forth in the following chart.

Narrative to Summary Compensation Table

Base Salaries

We pay our named executive officers a base salary to compensate them for the satisfactory performance of services rendered to our Company. The base salary payable to each named executive officer is intended to provide a fixed component of compensation reflecting the executive’s level of responsibility and performance.

In February 2019, the board of directors, based on the recommendation of the compensation committee, approved increasing the base salary of Dr. Sirulnik and the base salary of Mr. Liu effective as of January 1, 2019. In February 2020, the board of directors further increased the base salaries of Dr. Sirulnik and Mr. Liu effective as of January 1, 2020. The 2019 and 2020 base salary increases were generally provided in recognition of the executives’ performance during the prior year, specifically Dr. Sirulnik’s leadership and management in advancing the Company’s clinical programs and Mr. Liu’s assumption of certain financial responsibilities and leadership in business development efforts and alliance management of the Company’s collaborations. The base salaries earned by our named executive officers for 2019 are set forth above in the Summary Compensation Table in the column entitled “Salary.”

In December 2019 we entered into an employment agreement with Dr. Lundberg pursuant to which he will be entitled to receive an annual base salary of \$564,900.

Compensation Peer Group and Peer Selection Process

In making determinations about executive compensation, the compensation committee of the board of directors (the “compensation committee”) believes that obtaining relevant market data is important. Such information provides a solid reference point and helpful context for making decisions, even though, relative to other companies, there are differences and unique aspects of Merus. When making decisions about the structure and

EXECUTIVE AND DIRECTOR COMPENSATION

component mix of our executive compensation program, the compensation committee takes into consideration the structure and components of, and the amounts paid under, the executive compensation programs of our peer companies, as derived from public filings, surveys and other sources.

With the assistance of Radford, which is part of the Rewards solutions practice at Aon plc ("Radford"), the compensation committee developed the following criteria for the selection of peer companies for 2019 executive compensation decisions:

- **Sector:** Biotechnology and pharmaceutical industries
- **Stage of Development:** Phase 2/Phase 3, preference toward the field of oncology
- **Market Capitalization:** Approximately 1/3x to 3x the Company's 30-day average market capitalization
- **Headcount:** Approximately 1/3x to 3x the Company's projected headcount; 50 to 450 employees
- **Years Public:** Preference toward companies that went public in the last five years
- **Continuity:** Maintaining a substantial level of year-over-year consistency is favored

Considering the nature of the Company as having executive team members resident in both the United States and in Europe, the compensation committee developed peer groups in both geographic areas. We believe that tailoring the peer groups for these two distinct regions in which we compete for talent, and referencing both, empowers us to make the best decisions for us and our shareholders in connection with establishing a competitive executive compensation program. The compensation committee reviews the peer groups annually, consistent with best practices for corporate governance.

Based on an extensive and thoughtful process, the U.S. peer group used for 2019 executive compensation decisions consisted of the following 21 companies:

Akebia Therapeutics	Deciphera Pharmaceuticals	ImmunoGen	Selecta Biosciences
ArQule	Epizyme	Kura Oncology	Stemline Therapeutics
Calithera Biosciences	Fate Therapeutics	MacroGenics	Sydax Pharmaceuticals
Concert Pharmaceuticals	GlycoMimetics	Pieris Pharmaceuticals	Syros Pharmaceuticals
Corbus Pharmaceuticals	Immune Design	REGENXBIO	Voyager Therapeutics
CytomX Therapeutics			

The European peer group used for 2019 compensation decisions consisted of the following 17 companies:

4SC	DBV Technologies	Molecular Partners	Oxford BioMedica
Adaptimmune Therapeutics	Innate Pharma	Newron Pharmaceuticals	ProQR Therapeutics
Affimed	Kiadis Pharma	Nordic Nanovector	UniQure
Argenx	Medigene	ObsEva	Zealand Pharma

EXECUTIVE AND DIRECTOR COMPENSATION

We generally target delivering a total compensation package that is within a competitive range around the median as compared to our U.S. or European peer group, as applicable. As such, our compensation committee reviews data pertaining to the 25th, 50th and 75th percentiles for base salary, total cash compensation (base salary plus annual performance-based incentive plan) and long-term incentive compensation when undertaking its competitive analysis. For 2019, the target total compensation of our executives fell approximately between the 50th and the 75th percentiles of our U.S. peer groups and above the 75th percentiles of our European peer groups. This competitive analysis is one factor, among others, taken into account by our compensation committee in assessing current compensation levels and recommending changes to compensation or additional incentive opportunities and grants.

2019 Target Pay Mix

By emphasizing short- and long-term incentives, the 2019 target pay mix reflects our executive compensation philosophy and objectives of pay-for-performance and alignment of executive officers' interests with those of Merus and our shareholders.

The compensation committee allocated compensation among base salary, target annual performance-based incentive plan amounts and the grant date fair value of long-term incentives in the form of stock options. The values and allocations were determined by the compensation committee with reference to, and consistent with, the allocations among such elements at the peer group companies in the relevant geographic area.

Annual Performance-Based Incentive Plan

We maintain an annual performance-based incentive plan pursuant to which we may grant our employees, including our named executive officers, incentive cash bonuses based upon corporate and/or individual performance. We generally pay annual cash bonuses based upon the achievement of set corporate level and personal goals for the period. Achievement of the targets is measured following year-end and the actual bonus amounts paid to our named executive officers are determined by our board of directors, based on the recommendation of the compensation committee.

Each named executive officer has an annual target bonus that is expressed as a percentage of base salary. The 2019 target bonus amount for Dr. Sirulnik and Mr. Liu was 40% of their respective base salaries.

The corporate objectives for our 2019 performance-based incentive plan accounted for 70% of the bonus opportunity for Dr. Sirulnik and Mr. Liu and were generally related to certain operational and clinical corporate goals, including the advancement of lead pre-clinical and clinical candidates from the Company's Biclonics® and Triclonics™ technology platforms, identification and execution of business development activities, and achievement of certain general and administrative goals concerning increased intellectual property filings protecting the Company's platforms and assets and bolstering the Company's internal controls and financial reporting capabilities. Individual objectives are established annually and, in 2019, accounted for 30% of Dr. Sirulnik's and Mr. Liu's bonus opportunity. The 2019 individual objectives for Dr. Sirulnik generally related to the advancement of clinical candidates and for Mr. Liu generally related to the identification and execution of business development activities, assumption of additional financial responsibilities and certain general and administrative goals.

The actual amounts paid to our named executive officers under our performance-based incentive plan for 2019 are set forth above in the Summary Compensation Table in the column entitled "Non-Equity Incentive Plan Compensation."

Under the terms of his employment agreement, Dr. Lundberg will be eligible to receive an annual bonus targeted at 55% of his annual base salary.

Long-Term Incentive Plan

We grant options to our named executive officers as the long-term incentive component of their compensation. From time to time our board of directors has also granted restricted share units as it determined appropriate to motivate particular employees. No restricted share units were granted to our named executive officers during 2019.

During 2019, the named executive officers were granted options as follows:

Retirement, Health, Welfare and Additional Benefits

We maintain a 401(k) retirement savings plan for our employees employed in the United States who satisfy certain eligibility requirements. Our named executive officers are eligible to participate in the 401(k) plan in the United States on the same terms as other full-time employees. Currently, we match 50% of contributions made by participants in the 401(k) plan up to 3% of the employee's contributions, and these matching contributions are fully vested as of the date on which the contribution is made. We believe that providing a vehicle for tax-deferred retirement savings adds to the overall desirability of our executive compensation package and further incentivizes our employees, including our named executive officers, in accordance with our compensation policies.

EMPLOYMENT AND SEPARATION AGREEMENTS

We have entered into employment agreements with each of our named executive officers. The agreements entitle our named executive officers to receive annual base salaries and target bonus opportunities, the current amounts of which are described above under the headings "Base Salaries" and "Annual Performance-Based Incentive Plan." We also entered into a settlement agreement with Mr. Logtenberg in connection with his resignation in December 2019. Certain key terms of these agreements are described below.

Employment Agreement with Dr. Lundberg

In December 2019, Merus US, Inc. entered into an employment agreement with Dr. Lundberg. Pursuant to the employment agreement, Dr. Lundberg was paid a signing bonus of \$25,000 in January 2020.

If Dr. Lundberg's employment is terminated by Merus US, Inc. without cause or due to Dr. Lundberg's resignation for good reason, then subject to his executing a general release of claims and continuing compliance with a proprietary information agreement, Dr. Lundberg will be entitled to receive (i) base salary continuation payments for 12 months; (ii) direct payment of or reimbursement for continued medical, dental or vision coverage pursuant to COBRA for up to 12 months; and (iii) if such termination occurs on or prior to December 31, 2020, accelerated vesting of any portion of his time-based equity awards that is scheduled to vest within 12 months following the date of such termination.

If Dr. Lundberg's employment is terminated by Merus US, Inc. without cause or due to Dr. Lundberg's resignation for good reason, in either case, within 12 months following a change in control, then subject to his executing a general release of claims and continuing compliance with a proprietary information agreement, Dr. Lundberg will be entitled to receive, in lieu of the severance payments and benefits described above, (i) a lump sum payment equal to 18 months of his base salary and his target annual bonus; (ii) direct payment of or reimbursement for

continued medical, dental or vision coverage pursuant to COBRA for up to 18 months; and (iii) if such termination occurs after December 31, 2020, accelerated vesting of any portion of his time-based equity awards that is unvested as of the date of such termination.

The proprietary information agreement and the release of claims contain restrictive covenants which restrict Dr. Lundberg's ability to compete with the Company for a period of 12 months following his termination of employment or solicit the Company's employees, consultants, independent contractors, customers or suppliers for a period of 12 months following termination, subject to Merus US, Inc.'s obligation to pay Dr. Lundberg 50% of his highest annualized base salary for the two year period prior to his termination (or the severance described above) if Merus US, Inc. decides to enforce the non-competition restriction.

Employment Agreements with Dr. Sirulnik and Mr. Liu

If Dr. Sirulnik's or Mr. Liu's employment is terminated by Merus US, Inc. without cause or due to the executive's resignation for good reason, then subject to the executive executing a general release of claims and continuing compliance with a proprietary information agreement, the executive will be entitled to receive base salary continuation payments for 6 months. In addition, Dr. Sirulnik would be entitled to receive (x) payment for any earned but unpaid annual bonus for a completed bonus year and (y) potential accelerated vesting of any portion of the option award granted to him in 2016 that is unvested as of the date of his termination.

If Dr. Sirulnik's or Mr. Liu's employment is terminated by Merus US, Inc. without cause or due to the executive's resignation for good reason, in either case, within 12 months following a change in control, then subject to the executive executing a general release of claims and continuing compliance with a proprietary information agreement, the executive will be entitled to receive, in lieu of the severance payments and benefits described above, (i) a lump sum payment equal to six months of his base salary and 50% of his target annual bonus; and (ii) direct payment of or reimbursement for continued medical, dental or vision coverage pursuant to COBRA for up to nine months. In addition, Dr. Sirulnik would be entitled to receive (x) payment for any earned but unpaid annual bonus for a completed bonus year and (y) accelerated vesting of his outstanding equity awards granted prior to the change in control; provided, that any performance-based equity awards would only vest if the applicable performance goals are achieved.

On April 7, 2020, Dr. Sirulnik notified the Company of his decision to resign as Executive Vice President and Chief Medical Officer, effective April 24, 2020.

Settlement Agreement with Mr. Logtenberg

On December 16, 2019, the Company entered into a settlement agreement with Mr. Logtenberg, pursuant to which Mr. Logtenberg agreed to resign as statutory director and President, Chief Executive Officer and Principal Financial Officer of the Company and as president and director of Merus US, Inc. and separated from employment with the Company, effective as of December 31, 2019.

Mr. Logtenberg is subject to a 12 month non-competition and 18 month non-solicitation restriction and has agreed to provide consulting services to the Company until the end of 2020. Our board of directors approved such 3% increase for 2019, and the amounts described above for 2019 give effect to this annual increase.

COMMON SHARES

The following table sets forth information with respect to the beneficial ownership of our common shares, as of April 7, 2020, by:

- each person or group of affiliated persons known by us to beneficially own more than 5% of common shares;
- each of our named executive officers, directors and director nominee; and
- all of our executive officers, directors and director nominee as a group.

The number of shares beneficially owned by each shareholder is determined under rules issued by the SEC. Under these rules, beneficial ownership includes any shares over which the individual or entity has sole or shared voting power or investment power. Applicable percentage ownership is based on 29,013,477 common shares outstanding as of April 7, 2020. In computing the number of shares beneficially owned by an individual or entity and the percentage ownership of that person, common shares subject to options, restricted share units or other rights held by such person that are currently exercisable or will become exercisable or will vest within 60 days of April 7, 2020 are considered outstanding, although these shares are not considered outstanding for purposes of computing the percentage ownership of any other person.

Unless noted otherwise, the address of all listed shareholders is c/o Merus N.V., Yalelaan 62, 3584 CM Utrecht, the Netherlands. Each of the shareholders listed has sole voting and investment power with respect to the shares beneficially owned by the shareholder unless noted otherwise, subject to community property laws where applicable.

Certain Relationships

In addition to the transactions, arrangements and relationships discussed elsewhere in this Proxy Statement, the following are certain transactions, arrangements and relationships with persons who are, or were during the period beginning January 1, 2018, our directors, executive officers or shareholders owning 5% or more of our outstanding common shares.

COLLABORATION AGREEMENT WITH INCYTE

We entered into a collaboration and license agreement (the "Collaboration Agreement") with Incyte. Under the terms of the Collaboration Agreement, we and Incyte agreed to collaborate with respect to the research, discovery and development of bispecific or monospecific antibodies utilizing our proprietary Biclomics® technology platform. The collaboration encompasses up to 11 independent programs, including some of our then current preclinical immuno-oncology discovery programs. For one of the then current preclinical programs referred to as Program 1, we retain the exclusive right to develop and commercialize products and product candidates in the United States, while Incyte has the exclusive right to develop and commercialize products and product candidates arising from such program outside the United States. For Program 1, later designated as MCLA-145, we and Incyte will conduct and share equally the costs of mutually agreed global development activities and we and Incyte will be solely responsible for independent development activities in our respective territories. We have the option to co-fund development of products, if any, arising from one specified program, and subject to certain conditions, to a second specified program, in each case in exchange for a share of profits in the United States, as well as the right to participate in a specified proportion of detailing activities in the United States for one of such programs. If we exercise our co-funding option for a program, we would be responsible for funding 35% of the associated future global development costs and, for certain of such programs, would be responsible for reimbursing Incyte for certain development costs incurred prior to the option exercise. All products as to which we have exercised our option to co-fund development, if any, would be subject to joint development plans and overseen by a joint development committee, with Incyte having final determination as to such plans in cases of dispute.

For each program other than MCLA-145, where we have not elected to co-fund development or where we do not have such a co-funding option, Incyte is solely responsible for all costs of global development and commercialization activities. We retain the rights to our Biclomics® technology platform as well as clinical and pre-clinical candidates and future programs emerging from our platform that are outside the scope of the Collaboration Agreement.

In January 2017, upon the Collaboration Agreement becoming effective, Incyte made an upfront non-refundable payment to us of \$120 million for the rights granted under the Collaboration Agreement. For each program as to which we do not have commercialization or co-development rights, we are eligible to receive up to \$100 million in future contingent development and regulatory milestones and up to \$250 million in commercialization milestones, as well as tiered royalties ranging from 6% to 10% of global net sales. For each program as to which we have exercised our option to co-fund development, we are eligible to receive a 50% share of profits (or sustain 50% of any losses) in the United States and tiered royalties ranging from 6% to 10% of net sales of products outside of the United States, if any. If we opt to cease co-funding a program as to which we exercised our co-development option, then we will no longer receive a share of profits in the United States, but will be eligible to receive the same milestones from the co-funding termination date and the same tiered royalties described above with respect to non-co-developed programs and, depending on the stage at which we choose to cease co-funding development costs, additional royalties ranging up to 4% of net sales in the United States. For MCLA-145, for which we retain all commercial rights in the United States, we and Incyte are each eligible to receive tiered royalties on net sales, if any, in the other's territory at rates ranging from 6% to 10%.

CERTAIN RELATIONSHIPS

The Collaboration Agreement will continue on a program-by-program basis until neither party has any royalty payment obligations with respect to such program or, if earlier, the termination of the Collaboration Agreement or any program in accordance with the terms of the Collaboration Agreement. The Collaboration Agreement may be terminated in its entirety, or on a program-by-program basis, by Incyte for convenience. The Collaboration Agreement may also be terminated by either party under certain other circumstances, including material breach, or on a program-by-program basis for patent challenges of patents under the applicable program, in each case as set forth in the Collaboration Agreement. If the Collaboration Agreement is terminated in its entirety or with respect to one or more programs, all rights in the terminated programs revert to us, subject to payment to Incyte of a reverse royalty of up to 4% on sales of future products, if we elect to pursue and are successful in development and commercialization of products arising from the terminated programs.

2019 FOLLOW-ON OFFERING

In November 2019, we completed an underwritten follow-on public offering in which we sold 5,462,500 common shares, including 715,500 common shares pursuant to the underwriters' option to purchase additional shares, at a public offering price of \$14.50 per share and received net proceeds of \$74.0 million, after deducting underwriting discounts and commissions and offering expenses. The following table sets forth the number of common shares purchased in the offering by holders of more than 5% of our common shares:

<u>Name (1)</u>	<u>Shares of Common Stock Purchased</u>	<u>Total Purchase Price</u>
Baker Brothers Life Sciences L.P.	850,000	\$ 12,325,000
Medicxi Ventures	1,600,000	23,200,000

(1) Additional details regarding these stockholders and their equity holdings are provided in this Proxy Statement under the caption "Security Ownership of Certain Beneficial Owners and Management."

2018 PRIVATE PLACEMENT OF COMMON SHARES

On February 13, 2018, we entered into a Securities Purchase Agreement (the "Purchase Agreement") with certain investors pursuant to which we sold 3,099,997 common shares to such investors in a private placement at a price per share of \$18.00, for aggregate gross proceeds of approximately \$55.8 million. The following table sets forth the number of common shares purchased in the offering by holders of more than 5% of our common shares:

<u>Name (1)</u>	<u>Shares of Common Stock Purchased</u>	<u>Total Purchase Price</u>
BVF	2,124,443	\$ 38,239,974
Sofinnova Venture Partners IX, L.P.	222,222	3,999,996

(1) Additional details regarding these stockholders and their equity holdings are provided in this Proxy Statement under the caption "Security Ownership of Certain Beneficial Owners and Management."

In connection with the Purchase Agreement, we entered into a registration rights agreement with the investors. Pursuant to the registration rights agreement, we agreed to register the resale of the shares sold in the private placement with the SEC. Under the registration rights agreement, we are obligated to maintain the effectiveness of the registration of the shares until such time as the investors no longer hold shares that we are obligated to register under the terms of the registration rights agreement.

Registration Rights Agreement with Incyte

In connection with the Collaboration Agreement, we entered into a Share Subscription Agreement (the “Subscription Agreement”) with Incyte pursuant to which we agreed to register the common shares held by Incyte. We also agreed to use our reasonable best efforts to keep the registration statement effective until the earlier of (a) all of the common shares held by Incyte having been sold pursuant to an effective registration statement or in compliance with Rule 144 promulgated under the Securities Act, (b) at such time when the common shares held by Incyte could, in the opinion of counsel satisfactory to us, be sold by Incyte in a single transaction under the terms of the Subscription Agreement and the volume and manner of sale limitations under Rule 144 of the Securities Act, and (c) at such time as the registration statement registering the common shares has been effective for 42 months following the expiration of the lock-up period of the common shares, which occurred in July 2018, as specified in the Subscription Agreement.

Registration Rights Agreement with Certain Investors and Executive Officers

In May 2016, we entered into a registration rights agreement (the “Registration Rights Agreement”) with certain of our shareholders, including certain holders of 5% or more of our common shares and certain executive officers, pursuant to which such shareholders are entitled to the following rights with respect to the registration of their common shares (the “registrable securities”) for public resale under the Securities Act. The registration of common shares as a result of the following rights being exercised would enable their holders to trade these shares without restriction under the Securities Act when the applicable registration statement is declared effective.

Demand Registration Rights

If the holders of, at least, 30% of the registrable securities then outstanding request that we effect a registration with respect to all or part of their registrable securities, we may be required to register all or part of the registrable securities then outstanding. We are obligated to effect at most two registrations in response to these demand registration rights. If the holders requesting registration intend to distribute their shares by means of an underwriting, the managing underwriter of such offering has the right to limit the number of shares to be underwritten for reasons related to the marketing of the shares.

Piggyback Registration Rights

If we propose to register any of our common shares under the Securities Act, subject to certain exceptions, the holders of registrable securities are entitled to notice of the registration and to include their registrable securities in the registration. If our proposed registration involves an underwriting, the managing underwriter of such offering has the right to limit the number of shares to be underwritten for reasons related to the marketing of the shares.

Form S-3 Registration Rights

If the holders of our registrable securities then outstanding request that we effect a registration of some or all of their registrable securities and we are entitled under the Securities Act to register our common shares on a registration statement on Form S-3, we are obligated to effect such registration. We are not obligated to effect a registration pursuant to these S-3 registration rights if (i) the expected aggregate net proceeds from the sale of the registrable securities for which registration is requested is equal to or less than \$1.0 million or (ii) if, within a given 12-month period, we have already effected two registrations on Form S-3 for the holders of registrable securities.

CERTAIN RELATIONSHIPS

Expenses

Ordinarily, other than underwriting discounts and commissions, we are required to pay all expenses incurred by us related to any registration effected pursuant to the exercise of these registration rights. These expenses may include all registration and filing fees, printing expenses, fees and disbursements of our counsel, reasonable fees and disbursements of a counsel for the selling security holders and Blue Sky fees and expenses.

Termination of Registration Rights

The registration rights terminate upon the earlier of May 18, 2020, or, with respect to the registration rights of an individual holder, when the holder can sell all of such holder's registrable securities in a three-month period without restriction under Rule 144 under the Securities Act.

INDEMNIFICATION AGREEMENTS

We have entered into agreements with our board of directors and our executive officers to indemnify them against expenses and liabilities to the fullest extent permitted by law. These agreements provide, subject to certain exceptions, for indemnification for related expenses including, among other expenses, attorneys' fees, retainers, court costs, transcript costs, fees of experts, witness fees, travel expenses, duplicating costs, printing and binding costs, telephone charges, postage, delivery service fees incurred by any of these individuals in any action or proceeding.
