Form 10-K for Fiscal Year Ended December 31, 2023

Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations  
Results of Operations for the Years Ended December 31, 2023 and 2022, page 103

1. We note the statement that you do not allocate employee-related costs, depreciation, rental and other indirect costs to specific research and development programs. Please revise future filings to disclose the costs incurred program-by-program for those costs that are tracked. Also revise to provide other quantitative disclosure that provides more transparency as to the type of research and development expenses incurred (i.e., by nature or type of expense) which should reconcile to total research and development expense on the Consolidated Statements of Operations for all periods presented.

In closing, we remind you that the company and its management are responsible for the accuracy and adequacy of their disclosures, notwithstanding any review, comments, action or absence of action by the staff.
