## CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

This Proxy Statement contains forward-looking statements. All statements other than statements of historical facts contained in this Proxy Statement are forward-looking statements. In some cases, you can identify forward-looking statements by terms such as “may,” “will,” “should,” “expect,” “plan,” “anticipate,” “could,” “intend,” “target,” “project,” “contemplate,” “believe,” “estimate,” “predict,” “potential” or “continue” or the negative of these terms or other similar expressions, although not all forward-looking statements contain these words.

The forward-looking statements are only predictions and are based largely on our current expectations and projections about future events and financial trends that we believe may affect our business, financial condition and results of operations. These forward-looking statements speak only as of the date of this Proxy Statement and are subject to a number of known and unknown risks, uncertainties and assumptions, including those described in our Annual Report on Form 10-K filed with the United States Securities and Exchange Commission (“SEC”) on February 28, 2023 (the “Annual Report on Form 10-K”), under the sections entitled “Risk Factors” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” and elsewhere in the Annual Report on Form 10-K.

Because forward-looking statements are inherently subject to risks and uncertainties, some of which cannot be predicted or quantified and some of which are beyond our control, you should not rely on these forward-looking statements as predictions of future events. The events and circumstances reflected in our forward-looking statements may not be achieved or occur and actual results could differ materially from those projected in the forward-looking statements. Moreover, we operate in an evolving environment. New risk factors and uncertainties may emerge from time to time, and it is not possible for management to predict all risk factors and uncertainties. Except as required by applicable law, we do not plan to publicly update or revise any forward-looking statements contained herein, whether as a result of any new information, future events, changed circumstances or otherwise. We intend the forward-looking statements contained in this Proxy Statement to be covered by the safe harbor provisions for forward-looking statements contained in Section 27A of the Securities Act of 1933, as amended (the “Securities Act”), and Section 21E of the Securities Exchange Act of 1934, as amended (the “Exchange Act”).

## INFORMATION ABOUT THIS PROXY STATEMENT

---

**Why you received this proxy statement.** You have received these proxy materials because Merus’ board of directors is soliciting your proxy for the Annual General Meeting. This proxy statement includes information that we are required to provide to you under the rules of the SEC and that is designed to assist you in voting your shares.

**Proxy Card.** Instructions regarding how you can vote are contained on the proxy card included with these materials.

**Householding.** The SEC’s rules permit us to deliver a single set of proxy materials to one address shared by two or more of our shareholders. This delivery method is referred to as “householding” and can result in significant cost savings. To take advantage of this opportunity, we have delivered only one set of proxy materials to multiple shareholders who share an address, unless we received contrary instructions from the impacted shareholders prior to the mailing date. We agree to deliver promptly, upon written or oral request, a separate copy of the proxy materials, as requested, to any shareholder at the shared address to which a single copy of those documents was delivered. If your household received a single set of proxy materials this year, but you would prefer to receive your own copy, or if you currently share an address with another shareholder and wish to receive only one copy of proxy materials in future for your household, please contact Broadridge Householding Department, by calling their toll free number, 1-866-540-7095 or by writing to: Broadridge, Householding Department, 51 Mercedes Way, Edgewood, NY 11717. If you have requested to be removed from the householding program, you will be removed within 30 days of receipt of your instructions at which time you will then be sent separate copies of the documents.

## **QUESTIONS AND ANSWERS ABOUT THE ANNUAL GENERAL MEETING**

### **WHO IS ENTITLED TO VOTE PRIOR TO THE ANNUAL GENERAL MEETING?**

We urge you to vote your shares at the Annual General Meeting or to submit your proxy prior to the Cut-off Time. The Record Date for the Annual General Meeting is April 28, 2023. Persons with Meeting Rights (i.e., (i) holders of common shares or who otherwise have voting rights and/or meeting rights with respect to common shares on the Record Date and (ii) holders of preferred shares (if any are issued) or who otherwise have voting rights and/or meeting rights with respect to preferred shares on the date of the Annual General Meeting, in each case provided that they are recorded as such in the Company's shareholders' register or in the register maintained by the Company's U.S. transfer agent) may attend and, if relevant, vote at the Annual General Meeting. Each outstanding common share and each outstanding preferred share (if any are issued) is entitled to one vote on all matters presented at the Annual General Meeting as voting items. At the close of business on April 27, 2023, there were [ ] common shares and no preferred shares outstanding.

### **WHAT IS THE DIFFERENCE BETWEEN BEING A "RECORD HOLDER" AND HOLDING SHARES IN "STREET NAME"?**

A record holder holds shares in his or her name. Shares held in "street name" means shares that are held in the name of a bank or broker on a person's behalf.

### **AM I ENTITLED TO VOTE IF MY SHARES ARE HELD IN "STREET NAME"?**

Yes. If your shares are held by a bank or a brokerage firm, you are considered the "beneficial owner" of those shares held in "street name." If your shares are held in street name, these proxy materials will be provided to you by your bank or brokerage firm, along with a voting instruction card. As the beneficial owner, you have the right to direct your bank or brokerage firm how to vote your shares, and the bank or brokerage firm is required to vote your shares in accordance with your instructions. You will not be able to vote your shares during the Annual General Meeting.

### **HOW MANY SHARES MUST BE PRESENT TO HOLD THE ANNUAL GENERAL MEETING?**

A quorum must be present at the Annual General Meeting for any voting item to be voted on. At the Annual General Meeting at least one-third of the Company's issued and outstanding shares must be represented in order to constitute a quorum.

### **WHO CAN ATTEND THE ANNUAL GENERAL MEETING?**

You may attend the Annual General Meeting if you are a Person with Meeting Rights (see above under "Who is entitled to vote prior to the Annual General Meeting"), or if you hold a valid proxy from a Person with Meeting Rights for the Annual General Meeting. If you would like to attend the Annual General Meeting, in person or represented by proxy, you must notify

## Table of Contents

the Company by e-mail (addressed to [AGM2023@merus.nl](mailto:AGM2023@merus.nl)) or in writing (addressed to Merus N.V., c/o Company Secretary, Uppsalalaan 17, 3<sup>rd</sup> & 4<sup>th</sup> floor, 3584 CT Utrecht, the Netherlands) of your identity and intention to attend the Annual General Meeting. This notice must be received by the Company no later than 16:59 (4:59) p.m. Central European Summer Time on May 22, 2023 (the “Cut-off Time”). If you do not comply with this requirement, you may be refused entry to the Annual General Meeting. Proxyholders who wish to attend the Annual General Meeting should also present a copy of their proxy upon entry to the Annual General Meeting, failing which the proxyholder concerned may be refused entry to the Annual General Meeting. In order to be admitted into the Annual General Meeting, you may be asked to present government-issued photo identification (such as a driver’s license). If your bank or broker holds your shares in street name, you may also be required to provide proof of beneficial ownership of our common shares as of the Record Date, such as a bank or brokerage statement or a letter from your bank or broker showing that you owned our common shares at the close of business on the Record Date.

### WHAT IF A QUORUM IS NOT PRESENT AT THE ANNUAL GENERAL MEETING?

If the requisite quorum (see above under “How many shares must be present to hold the Annual General Meeting”) is not present, then the Annual General Meeting cannot validly pass any of the voting items on the agenda for the Annual General Meeting and a new meeting shall be convened in accordance with applicable law.

### WHAT DOES IT MEAN IF I RECEIVE MORE THAN ONE SET OF PROXY MATERIALS?

It means that your common shares are held in more than one account at the transfer agent and/or with banks or brokers. Please vote all of your shares. To ensure that all of your shares are voted, for each set of proxy materials please submit your proxy by phone, via the Internet, or by signing, dating and returning the enclosed proxy card in the enclosed envelope.

### HOW DO I VOTE?

We recommend that shareholders submit their proxy before the Cut-off Time in order to vote their shares, regardless of whether they plan to attend the Annual General Meeting and vote in person. There are four ways to vote by proxy:

- by Telephone—you can vote by telephone by calling 1-800-690-6903 and following the instructions on the proxy card;
- by Internet—you can vote over the Internet at [www.proxyvote.com](http://www.proxyvote.com) by following the instructions on the proxy card;
- by Mail—you can vote by mail by signing, dating and mailing the proxy card; or
- by Email—you can vote by email by signing, dating and emailing the proxy card to [AGM2023@merus.nl](mailto:AGM2023@merus.nl).

## [Table of Contents](#)

Telephone and Internet voting facilities will be available 24 hours a day and will close at the Cut-off Time.

If your shares are held in street name through a bank or broker, you will receive instructions on how to vote from the bank or broker. You must follow their instructions in order for your shares to be voted. Telephone and Internet voting also may be offered to shareholders owning shares through certain banks and brokers. If your shares are held in street name and you would like to vote your shares in person at the Annual General Meeting, you should contact your bank or broker to obtain a legal proxy, bring it to the Annual General Meeting in order to vote and notify the Company in writing of your identity and intention to attend the Annual General Meeting (see above under “Who can attend the Annual General Meeting?”).

### CAN I CHANGE MY VOTE AFTER I SUBMIT MY PROXY?

Yes.

You may revoke your submitted proxy and change your vote prior to the Cut-off Time:

- by submitting a duly executed proxy bearing a later date; or
- by granting a subsequent proxy through the Internet or telephone.

Your most recent proxy card or telephone or Internet proxy is the one that will be counted. You may also attend the Annual General Meeting in person and revoke your proxy at the meeting or grant a separate proxy in writing to a representative who may attend the Annual General Meeting in person and revoke your prior proxy at the meeting on your behalf.

If your shares are held in street name, you may change or revoke your voting instructions by following the specific directions provided to you by your bank or broker, or you may vote in person at the Annual General Meeting by obtaining a legal proxy from your bank or broker, bringing your legal proxy to the Annual General Meeting in order to vote and notifying the Company in writing of your identity and intention to attend the Annual General Meeting (see above under “Who can attend the Annual General Meeting?”).

### WHO WILL COUNT THE VOTES?

NautaDutilh N.V., our Dutch legal counsel, will tabulate the votes submitted by proxy prior to the Cut-off Time as described in this proxy statement and the votes cast at the Annual General Meeting by Persons with Meeting Rights attending in person, if any. This tabulation will be provided to the Company.

### WHAT IF I DO NOT SPECIFY HOW MY SHARES ARE TO BE VOTED?

If you submit a proxy but do not indicate any voting instructions, the persons named as proxies will vote in accordance with the recommendations of the board of directors. The board of directors’ recommendations are indicated on page 2 of this proxy statement, as well as with the description of each proposal in this proxy statement.

WILL ANY OTHER BUSINESS BE CONDUCTED AT THE ANNUAL GENERAL MEETING?

No business shall be voted on at the Annual General Meeting, except such items as included in the agenda for the meeting included on page 2 of this proxy statement.

HOW MANY VOTES ARE REQUIRED FOR THE APPROVAL OF THE PROPOSALS TO BE VOTED UPON?

Other than the proposals to re-appoint Sven (Bill) Ante Lundberg, M.D. as executive director, and to re-appoint Anand Mehra, M.D. and Victor Sandor, M.D.C.M. as non-executive directors, each voting item on the agenda for the Annual General Meeting requires the affirmative vote of a simple majority of the valid votes cast unless, with respect to the proposal to extend the authorization of the board of directors to limit or exclude pre-emption rights, less than half of the Company's issued share capital is represented at the Annual General Meeting in which case the affirmative vote of a two-thirds majority of the valid votes cast shall be required for this proposal to pass. The proposals to re-appoint Sven (Bill) Ante Lundberg, M.D. as executive director, and to re-appoint Anand Mehra, M.D. and Victor Sandor, M.D.C.M. as non-executive directors are based on a binding nomination proposed by the board of directors. The proposed candidate specified in a binding nomination shall be appointed provided that the requisite quorum is present or represented at the Annual General Meeting, unless the nomination is overruled by the Annual General Meeting which would result if at least a two-thirds majority of the votes cast, representing more than half of the Company's issued share capital, vote against the appointment. Also, at the Annual General Meeting at least one-third of the Company's issued and outstanding shares must be represented in order to constitute a quorum.

WHAT IS AN ABSTENTION AND HOW WILL ABSTENTIONS BE TREATED?

An "abstention" represents a shareholder's affirmative choice to decline to vote on a proposal. Under Dutch law and our articles of association, shares abstaining from voting will not count as votes cast at the Annual General Meeting, but will count as shares present and entitled to vote for purposes of determining a quorum. Abstentions have no effect on the proposals.

WHAT ARE BROKER NON-VOTES AND DO THEY COUNT FOR DETERMINING A QUORUM?

Generally, broker non-votes occur when shares held by a broker in "street name" for a beneficial owner are not voted with respect to a particular proposal because the broker (1) has not received voting instructions from the beneficial owner and (2) lacks discretionary voting power to vote those shares. A broker is entitled to vote shares held for a beneficial owner on routine matters, such as the appointment of our independent registered public accounting firm, without instructions from the beneficial owner of those shares, in which case your shares will count for purposes of determining whether a quorum is present. On the other hand, absent instructions from the beneficial owner of such shares, a broker is not entitled to vote shares held for a beneficial owner on non-routine matters, which include all proposals other than

---

[Table of Contents](#)

proposal 2. Broker non-votes have no effect on the proposals and do not count for purposes of determining whether a quorum is present or for the purpose of determining the number of votes cast. We do not expect any broker non-votes in connection with proposal 2.

WHERE CAN I FIND THE VOTING RESULTS OF THE ANNUAL GENERAL MEETING?

We plan to announce whether the proposals have passed at the Annual General Meeting and we will report the final voting results in a Current Report on Form 8-K, which we intend to file with the SEC after the Annual General Meeting.

PROPOSAL 7

*Extending authorization of the Company's board of directors to issue ordinary shares (or rights to subscribe for ordinary shares) in the Company's capital*

---

At the Annual General Meeting held on July 20, 2018, our general meeting of shareholders has authorized our board of directors, for a period of five years following the date of that Annual General Meeting (i.e., until July 20, 2023) to issue ordinary shares, or grant rights to subscribe for ordinary shares, up to the Company's authorized share capital as included in its Articles of Association from time to time. Our board of directors proposes to extend this authorization for a period ending five years following the upcoming Annual General Meeting. If this proposal and proposal 8 pass, this will allow the Company to continue issuing ordinary shares and rights to subscribe for ordinary shares beyond July 20, 2023 without the expense and delay of first having to convene an Extraordinary General Meeting to authorize such issuance or grant.

Irrespective of the proposed authorization of our board of directors to issue ordinary shares or to grant rights to subscribe for ordinary shares as proposed above, the Company remains subject to the limits of Nasdaq Rule 5635(d), which requires, among other things, shareholder approval for transactions, other than "public offerings," involving the sale, issuance or potential issuance by an issuer of common stock (or securities convertible into or exercisable for common stock), which alone or together with sales by officers, directors or substantial shareholders of the issuer, equals 20% or more of the common stock or 20% or more of the voting power outstanding before the issuance at a price that is less than the lower of (i) the closing price (as reflected on Nasdaq.com) immediately preceding the signing of the binding agreement and (ii) the average closing price (as reflected on Nasdaq.com) for the five trading days immediately preceding the signing of the binding agreement.

VOTE REQUIRED

This proposal requires a simple majority of votes cast in favor of the proposal. Abstentions and broker non-votes are not considered to be votes cast and, accordingly, will have no effect on the outcome of the vote on this proposal.

At the Annual General Meeting held on July 20, 2018, our general meeting of shareholders has authorized our board of directors, for a period of five years following the date of that Annual General Meeting (i.e., until July 20, 2023) to limit or exclude pre-emption rights in connection with any issuance of ordinary shares or rights to subscribe for ordinary shares resolved upon by our board of directors. Our board of directors proposes to extend this authorization for a period ending five years following the upcoming Annual General Meeting. If proposal 7 and this proposal 8 pass, this will allow the Company to continue issuing ordinary shares and rights to subscribe for ordinary shares beyond July 20, 2023 without the expense and delay of first having to convene an Extraordinary General Meeting to authorize such issuance or grant.

Irrespective of the proposed authorization of our board of directors to issue ordinary shares or to grant rights to subscribe for ordinary shares as proposed above, the Company remains subject to the limits of Nasdaq Rule 5635(d), which requires, among other things, shareholder approval for transactions, other than "public offerings," involving the sale, issuance or potential issuance by an issuer of common stock (or securities convertible into or exercisable for common stock), which alone or together with sales by officers, directors or substantial shareholders of the issuer, equals 20% or more of the common stock or 20% or more of the voting power outstanding before the issuance at a price that is less than the lower of (i) the closing price (as reflected on Nasdaq.com) immediately preceding the signing of the binding agreement and (ii) the average closing price (as reflected on Nasdaq.com) for the five trading days immediately preceding the signing of the binding agreement.

In accordance with the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the “Dodd-Frank Act”) and Rule 14a-21 under the Exchange Act, we request that our shareholders cast a non-binding, advisory vote to approve the compensation of our named executive officers identified in the section titled “Compensation Discussion and Analysis” set forth below in this proxy statement. This proposal, commonly known as a “say-on-pay” proposal, gives our shareholders the opportunity to express their support of our named executive officers’ compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers described in this proxy statement.

Accordingly, we ask our shareholders to vote “FOR” the following resolution at the Annual General Meeting:

“RESOLVED, that the Company’s shareholders approve, by a non-binding advisory vote, the compensation of the named executive officers, as disclosed in the Company’s Proxy Statement for the 2023 Annual General Meeting pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the compensation tables and narrative discussion.”

We believe that our compensation programs and policies for the year ended December 31, 2022 are worthy of shareholder support because they were an effective incentive for the achievement of our business goals, were well-designed to attract and retain highly qualified executives, and aligned with shareholder interest.

This vote is merely advisory and will not be binding upon us, our board of directors or our compensation committee, nor will it create or imply any change in the duties of us, our board of directors or our compensation committee. The compensation committee will, however, take into account the outcome of the vote when considering future executive compensation decisions. The board of directors values constructive dialogue on executive compensation and other significant governance topics with our shareholders and encourages all shareholders to vote their shares on this important matter.

At our 2022 annual general meeting of shareholders held on May 31, 2022, our shareholders recommended, on an advisory basis, that the shareholder vote on the compensation of our named executive officers occur every year. In light of the foregoing recommendation, our board of directors determined to hold a “say-on-pay” advisory vote every year. Accordingly, our next advisory say-on-pay vote (following the non-binding advisory vote at this Annual General Meeting) is expected to occur at our 2024 annual general meeting of shareholders.

VOTE REQUIRED

This proposal to approve, on an advisory (non-binding) basis, the compensation of our named executive officers requires a simple majority of votes cast in favor of the proposal. Abstentions and broker non-votes are not considered to be votes cast and, accordingly, will have no effect on the outcome of the vote on this proposal.

RECOMMENDATION OF THE BOARD OF DIRECTORS

- u **The board of directors unanimously recommends a vote FOR the approval, on an advisory (non-binding) basis, of the compensation of our named executive officers.**

## **REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS**

The audit committee has reviewed the Company's audited financial statements for the financial year ended December 31, 2022 and has discussed these financial statements with management and the Company's independent registered public accounting firm. The audit committee has also received from, and discussed with, the Company's independent registered public accounting firm various communications that such independent registered public accounting firm is required to provide to the audit committee, including the matters required to be discussed by the applicable requirements of the Public Company Accounting Oversight Board ("PCAOB") and the SEC.

The Company's independent registered public accounting firm also provided the audit committee with a formal written statement required by the applicable requirements of the PCAOB describing all relationships between the independent registered public accounting firm and the Company, including the disclosures required by the applicable requirements of the PCAOB regarding the independent registered public accounting firm's communications with the audit committee concerning independence. In addition, the audit committee discussed with the independent registered public accounting firm its independence from the Company. The audit committee also considered whether the independent registered public accounting firm's provision of certain other non-audit related services to the Company is compatible with maintaining such firm's independence.

Based on its discussions with management and the independent registered public accounting firm, and its review of the representations and information provided by management and the independent registered public accounting firm, the audit committee recommended to the board of directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the financial year ended December 31, 2022.

## CORPORATE GOVERNANCE

### GENERAL

---

Our board of directors has adopted, among other policies, board rules, an Insider Trading Compliance Policy, a Code of Business Conduct and Ethics, an Anti-Corruption Policy and charters for our nomination and corporate governance committee, audit committee, and compensation committee to assist the board of directors in the exercise of its responsibilities and to serve as a framework for the effective governance of the Company. You can access our current committee charters and our board rules in the “Corporate Governance” section, under “Governance Documents” of the “Investors & Media” page of our website located at [www.merus.nl](http://www.merus.nl).

### BOARD COMPOSITION

---

Our board of directors currently consists of eight members: Sven (Bill) Ante Lundberg, M.D., Maxine Gowen, Ph.D., Mark Iwicki, Len Kanavy, Anand Mehra, M.D., Gregory D. Perry, Paolo Pucci and Victor Sandor, M.D.C.M. On March 29, 2023, our board of directors nominated Dr. Lundberg for re-appointment at the Annual General Meeting as executive director for a term ending immediately after the annual general meeting of shareholders to be held in 2027, Dr. Mehra for re-appointment at the Annual General Meeting as non-executive director for a term ending immediately after the annual general meeting of shareholders to be held in 2025, and Dr. Sandor for re-appointment at the Annual General Meeting as non-executive director for a term ending immediately after the annual general meeting of shareholders to be held in 2027. Each board member is appointed for an initial term of up to four years. A non-executive director may be re-appointed for one subsequent term of up to four years followed by up to two subsequent terms of up to two years. An executive director may serve for an unlimited number of terms of up to four years. Our articles of association provide that the number of executive and non-executive directors may only be determined by our board of directors. Our directors are appointed on the basis of a binding nomination prepared by our board of directors. Our general meeting of shareholders may overrule the binding nomination by a resolution passed by a two-thirds majority of votes cast, provided such majority represents more than half of our issued share capital, in which case our board of directors shall be allowed to make a new binding nomination. Our directors may be dismissed only by a resolution at a general meeting of shareholders. Dismissal of a director by our general meeting of shareholders requires a two-thirds majority of votes cast, provided such majority represents more than half of our issued share capital, unless the dismissal is proposed by the board of directors, in which latter case a simple majority of votes cast will suffice to pass the resolution.

### DIRECTOR INDEPENDENCE

---

All of our directors, other than Sven (Bill) Ante Lundberg, M.D., qualify as “independent” in accordance with Nasdaq listing requirements. The Nasdaq independence definition includes a series of objective tests, including that the director is not, and has not been for at least three years, one of our employees and that neither the director nor any of his or her family members

has engaged in various types of business dealings with us. In addition, as required by Nasdaq rules, our board of directors has made a subjective determination as to each independent director that no relationships exist, which, in the opinion of our board of directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In making these determinations, our board of directors reviewed and discussed information provided by the directors and us with regard to each director's business and personal activities and relationships as they may relate to us and our management. Dr. Lundberg is not independent because he is the President, Chief Executive Officer and Principal Financial Officer of our Company.

## DIRECTOR CANDIDATES

---

The nomination and corporate governance committee is responsible for drawing up selection criteria and appointment procedures for the directors. In searching for qualified director candidates for appointment to the board of directors and filling vacancies on the board of directors, the nomination and corporate governance committee may solicit current directors and executives of the Company for the names of potentially qualified candidates or ask directors and executives to pursue their own business contacts for the names of potentially qualified candidates. The nomination and corporate governance committee may also consult with outside advisors or retain search firms to assist in the search for qualified candidates, or consider director candidates recommended by our shareholders. Once potential candidates are identified, the nomination and corporate governance committee reviews the backgrounds of those candidates, evaluates candidates' independence from the Company and potential conflicts of interest and determines if candidates meet the qualifications desired by the nomination and corporate governance committee for candidates for appointment as a director.

In evaluating the suitability of individual candidates (both new candidates and current board members), the nomination and corporate governance committee, in recommending candidates for appointment, and the board of directors, in approving (and, in the case of vacancies, appointing), may take into account many factors, including: personal and professional integrity, ethics and values; experience in corporate management, such as serving as an officer or former officer of a publicly held company; strong finance experience; experience relevant to our industry; experience as a board member or executive officer of another publicly held company; experience relevant to an international company; relevant academic expertise or other proficiency in an area of our operations; diversity of expertise and experience in substantive matters pertaining to the Company's business relative to other board members; diversity of background and perspective, including, but not limited to, with respect to age, gender, ethnicity, and specialized experience; practical and mature business judgment, including, but not limited to, the ability to make independent analytical inquiries; and any other relevant qualifications, attributes or skills. The board of directors evaluates each individual in the context of the board as a whole, with the objective of assembling a group that can best perpetuate the long-term success and sustainability of the business and further the interests of our stakeholders, including shareholders, through the exercise of sound judgment using its diversity of experience in these various areas. In determining whether to recommend

a director for re-appointment, the nomination and corporate governance committee may also consider the director's past attendance at meetings and participation in and contributions to the activities of the board of directors.

Shareholders may recommend individuals to our nomination and corporate governance committee for consideration as potential director candidates by submitting the names of the recommended individuals, together with appropriate biographical information and background materials, to our nomination and corporate governance committee, c/o Company Secretary, Merus N.V., Uppsalalaan 17, 3<sup>rd</sup> & 4<sup>th</sup> floor, 3584 CT Utrecht, the Netherlands. In the event there is a vacancy, and assuming that appropriate biographical and background material has been provided on a timely basis, the committee will evaluate shareholder-recommended candidates by following substantially the same process, and applying substantially the same criteria, as it follows for candidates submitted by others.

## COMMUNICATIONS FROM SHAREHOLDERS

---

The board of directors will give appropriate attention to written communications that are submitted by shareholders, and will respond if and as appropriate. Our Secretary and General Counsel are primarily responsible for monitoring communications from shareholders and for providing copies or summaries to the directors as they consider appropriate.

Communications are forwarded to all directors if they relate to important substantive matters and include suggestions or comments that our Company Secretary or General Counsel and Chairperson of the Board consider to be important for the directors to know. In general, communications relating to corporate governance and long-term corporate strategy are more likely to be forwarded than communications relating to ordinary business affairs, personal grievances and matters as to which we tend to receive repetitive or duplicative communications. Shareholders who wish to send communications on any topic to the board of directors should address such communications to the board of directors in writing: c/o Company Secretary, Merus N.V., Uppsalalaan 17, 3<sup>rd</sup> & 4<sup>th</sup> floor, 3584 CT Utrecht, the Netherlands.

## BOARD LEADERSHIP STRUCTURE AND ROLE IN RISK OVERSIGHT

---

Our board is comprised of individuals with extensive experience within the biotechnology and pharmaceutical industries. Our board rules provide that the Chairperson and the Vice Chairperson of the Board must each be a non-executive director. Our executive director is charged primarily with the Company's day-to-day business and operations and the implementation of the Company's strategy. Our non-executive directors are charged primarily with the supervision of the performance of the duties of our board of directors. Our board of directors has concluded that our current leadership structure is appropriate at this time. However, our board of directors will continue to periodically review our leadership structure and may make such changes in the future as it deems appropriate. Risk assessment and oversight are an integral part of our governance and management processes.

Our board of directors encourages management to promote a culture that incorporates risk management into our corporate strategy and day-to-day business operations. Management discusses strategic and operational risks at regular management meetings and conducts specific strategic planning and review sessions during the year that include a focused discussion and analysis of the risks facing us. Throughout the year, senior management reviews these risks with the board of directors at regular board meetings as part of management presentations that focus on particular business functions, operations or strategies, and presents the steps taken by management to mitigate or eliminate such risks. Our board of directors does not have a standing risk management committee, but rather administers this oversight function directly through the board of directors as a whole, as well as through various standing committees of the board of directors that address risks inherent in their respective areas of oversight. In particular, our board of directors is responsible for monitoring and assessing strategic risk exposure, including with respect to business continuity risks such as risks relating to market volatility, the COVID-19 pandemic, and our audit committee is charged with overseeing the responsibilities of our board of directors with respect to the application of information and communication technology by the Company, including risks relating to cybersecurity. Throughout 2022, the board of directors met on five occasions wherein they reviewed the corporate strategy and impact of COVID-19, enterprise risk management, evaluated impact on operations and supervised the Company enacting risk mitigation planning, business continuity planning, emergency succession planning, the volatility of biopharmaceutical companies' stock as a result of disruptions and extreme volatility in the global economy, including rising inflation and interest rates, declines in economic growth, the conflict between Russia and Ukraine and additional measures related to protecting the health and safety of employees in response to COVID-19. The audit committee also periodically reviews our policies and procedures for investments in view of the prevailing market conditions as well as reviewing and approving or ratifying "related person transactions" (defined as transactions required to be disclosed pursuant to Item 404 of Regulation S-K), including our related person transaction policy, and recommends any changes to our board of directors, and in accordance with our related person transaction policy and the Nasdaq rules, our audit committee conducts appropriate review and oversight of all related person transactions for potential conflict of interest situations on an ongoing basis. Our compensation committee is charged with submitting clear and understandable proposals to our board of directors concerning changes to our compensation policies. The board of directors does not believe that its role in the oversight of our risks adversely affects the board of directors' leadership.

#### ANNUAL BOARD EVALUATION

---

Our board rules require an annual assessment of the board of directors and its committees and the nomination and corporate governance committee charter requires the nomination and corporate governance committee to oversee such annual assessment.

## CODE OF BUSINESS CONDUCT AND ETHICS

---

We have adopted a written Code of Business Conduct and Ethics that applies to our directors, officers and employees, including our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions, and others temporarily assigned to perform work or services for us. We have posted a current copy of the Code of Business Conduct and Ethics on our website, [www.merus.nl](http://www.merus.nl). Our board of directors is responsible for administering the Code of Business Conduct and Ethics. The board of directors is allowed to amend, alter or terminate the Code of Business Conduct and Ethics. In addition, we intend to post on our website all disclosures that are required by law or the Nasdaq rules concerning any amendments to, or waivers from, any provision of the Code of Business Conduct and Ethics.

## ANTI-HEDGING POLICY

---

Our board of directors has adopted an Insider Trading Compliance Policy, which applies to all of our directors, officers and employees. The policy prohibits our directors, officers and employees and any entities they control from purchasing financial instruments such zero-cost collars and forward sale contracts, or otherwise engaging in transactions that hedge or offset, or are designed to hedge or offset, any decrease in the market value of the Company's equity securities, or that may cause an officer, director, or employee to no longer have the same objectives as the Company's other shareholders.

## ATTENDANCE BY MEMBERS OF THE BOARD OF DIRECTORS AT MEETINGS

---

There were five meetings of the board of directors during the financial year ended December 31, 2022. During the financial year ended December 31, 2022, each director attended at least 75% of the aggregate of all meetings of the board of directors and meetings of the committees on which the director served during the period in which he served as a director.

Currently, we do not maintain a formal policy regarding director attendance at the Annual General Meeting; however, due to the location of our Annual General Meetings in the Netherlands, the residence of some of our directors in the United States and the fact that regular board meetings do not take place at or around the time of the annual general meetings of shareholders, we do not require directors to attend annual general meetings of shareholders. Three of our then-serving directors attended our 2022 Annual General Meeting held on May 31, 2022.

**COMMITTEES OF THE BOARD**

Our board of directors has established an audit committee, compensation committee, and nomination and corporate governance committee—each of which operates under a written charter that has been approved by our board and that are available in the Investors & Media section of our website at [www.merus.nl](http://www.merus.nl). All of the members of each of these committees are independent as defined under the Nasdaq rules. Our board of directors has determined that Gregory D. Perry, Maxine Gowen, Ph.D. and Paolo Pucci meet the independence requirements of Rule 10A-3 under Exchange Act for participation on the audit committee. All members of the compensation committee meet the heightened standard for independence specific to members of a compensation committee under the Nasdaq rules and each qualifies as a “non-employee director” as defined in Rule 16b-3 of the Exchange Act. ## COMPENSATION DISCUSSION AND ANALYSIS

### GENERAL

---

In this CD&A, we provide an overview and analysis of the compensation awarded to or earned by our named executive officers identified in the Summary Compensation Table below (each, an “NEO”) during fiscal 2022, including the elements of our compensation program for NEOs, material compensation decisions made under that program for fiscal 2022 and the material factors considered in making those decisions. In 2022, our “named executive officers” and their positions were as follows:

- Sven (Bill) Ante Lundberg, M.D., President, Chief Executive Officer and Principal Financial Officer;
- Hui Liu, Ph.D., Chief Business Officer, Head of Merus US;
- Peter B. Silverman, J.D., General Counsel and Head of Utrecht. Mr. Silverman was subsequently appointed as Chief Operating Officer in 2023; and
- Andrew Joe, Chief Medical Officer.

### EXECUTIVE SUMMARY

---

#### *2022 Performance Highlights and Pay for Performance*

Our executive compensation programs are designed to deliver pay in accordance with corporate and individual performance, rewarding superior performance and providing consequences for underperformance. We believe that the compensation of our NEOs for fiscal year 2022 was aligned with the Company’s performance during 2022. Highlights of that performance include:

- Advancement of the Company’s clinical development pipeline, which included:
  - achieving significant enrollment in the eNRGy trial to support a potential registration path for zenocutuzumab in patients with NRG1 fusion (“NRG1+”) cancer;
  - significant progress and early, important clinical results with MCLA-129, including a clinical presentation at a medical conference in October 2022 and expansion into several potential meaningful clinical cohorts; and
  - advancement of the development of MCLA-158, supporting a planned disclosure at a medical conference in the first half of 2023, and transition of MCLA-145 to a wholly-owned global development program of the Company after Incyte Corporation’s (“Incyte”) election to opt-out of its ex-U.S development of MCLA-145 announced in January 2022.

## [Table of Contents](#)

- Advancement of the Company’s pre-clinical development pipeline, which included:
  - development of multiple internal, wholly-owned programs planned for potential candidate nomination in 2023;
  - through the Company’s collaborations, achieving two candidate nomination milestones under the terms of the collaboration and license agreement between Merus and Incyte (“Incyte Collaboration”), with one asset entering the clinic in 2023, and multiple programs in various stages of preclinical development under the Incyte Collaboration, and three active programs under the collaboration and license agreement (the “Lilly Collaboration Agreement”) with Eli Lilly and Company, an Indiana corporation (“Eli Lilly”); and
  - significant advancement in the Company’s intellectual property portfolio with ten new patent filings and twenty new issuances covering the Company’s preclinical and clinical candidates and platform technologies.
- Execution of the Company’s general and administrative goals including:
  - transition to a large accelerated filer and meeting the compliance requirements associated therewith;
  - achieving the Company’s hiring plan developing new functions including commercial, medical affairs, and supply chain;
  - successful completion of the development of and move-in to the Company’s new headquarters in Utrecht the Netherlands, referred to as the “Accelerator”; and
  - maintenance of financial discipline and strong balance sheet , including use of an Open Market Sale Agreement (the “Sales Agreement”) with Jefferies LLC (“Jefferies”) executed in 2021, under which Jefferies acted as the sales agent to sell common stock by an “at-the-market” offering in 2022, resulting in an aggregate net proceeds from fiscal 2022 of \$57.5 million during a period of significant market volatility.

In order to align pay with performance, a significant portion of our NEOs’ compensation is delivered in the form of equity awards and annual cash incentives, which are variable compensation elements tied to our actual performance.

### **2022 Compensation Highlights**

Consistent with our compensation philosophy, key compensation decisions for 2022 included the following:

- *Base Salaries.* The 2022 base salaries for our NEOs remained level or were increased in order to position base salaries at or near the median of market, based on the market analysis of our independent compensation consultant, as described further below.

## [Table of Contents](#)

- *Annual Cash Incentives.* For 2022, target annual cash incentive opportunities remained level or were increased in order to position target bonuses at or near the median of the market. Our compensation committee selected performance goals for our performance-based annual bonus program that were intended to promote our business plan and short-term goals, including with respect to advancement of our clinical and preclinical development pipeline, business development and commercial preparedness goals, and general and administrative goals, as described in more detail below. In light of our achievement of each of the corporate performance goals for 2022, the compensation committee determined we achieved 97% of target performance for the corporate performance objectives of our annual bonus plan. With respect to individual performance for each of our NEOs, the NEOs achieved between 97-110% of their individual performance goals for 2022.
- *Equity-Based Long Term Incentives.* In 2022, we granted equity-based compensation in the form of options. We believe that options effectively align the interests of our executives with those of our shareholders by directly linking compensation to the value of our common shares. Options require an increase in shareholder value in order for our NEOs to realize any value.

Our employees are key to achieving our goals and our compensation programs are specifically designed to attract, retain and reward our critical talent, and provide a strong link between pay and performance. We target the 50<sup>th</sup> percentile of the peer groups, with variations as appropriate based on a unique combination of factors such as experience, performance, tenure, and criticality of role, among other relevant factors, with actual compensation received designed to reflect the combination of corporate and individual performance.

### **Compensation Governance and Best Practices**

We are committed to having strong governance standards with respect to our compensation programs, procedures and practices. Our key compensation practices include the following:

#### **What We Do**

- ✓ Emphasize performance-based, at risk compensation.
- ✓ Emphasize the use of equity compensation to promote executive retention and reward long-term value creation.
- ✓ Weight the overall pay mix towards incentive compensation for senior executives.

#### **What We Do Not Do**

- X Do not grant uncapped cash incentives or guaranteed equity compensation.
- X Do not provide significant perquisites.
- X Do not provide any compensation-related tax gross-ups.

**What We Do**

- ✓ Engage an independent compensation consultant to advise our compensation committee.
  
- ✓ Require double trigger for change in control benefits such that no severance payment or equity acceleration occurs solely as a result of a change in control event.
- ✓ Maintain an independent Compensation Committee.

**What We Do Not Do**

- X Do not reprice our option awards and our equity incentive plan expressly forbids repricing or exchanging underwater options for cash, other awards or options with an exercise price per share that is less than the exercise price of the original option without shareholder approval.
- X Do not include single-trigger acceleration of unvested options.
- X Do not permit our directors, officers and employees to engage in transactions that hedge or offset, or are designed to hedge or offset, any decrease in the market value of the Company's equity securities, or that may cause an officer, director, or employee to no longer have the same objectives as the Company's other shareholders..
- X Do not sponsor any defined benefit pension plans or supplemental retirement plans specifically for executives.

At our 2022 annual general meeting of shareholders, our shareholders (representing greater than 80% of the votes cast) voted to approve on a non-binding advisory basis, the compensation of our NEOs.

Also at our 2022 annual general meeting of shareholders, our shareholders voted in a non-binding, advisory vote in favor of having a non-binding shareholder vote on executive compensation once every year. Consistent with the stated preference of a majority of our shareholders, our next advisory vote on our NEOs' compensation will be held at this 2023 annual general meeting, pursuant to Proposal No. 10.

**DETERMINING EXECUTIVE COMPENSATION**

*Role of Compensation Consultant*

Under its charter, our Compensation Committee has the authority to engage the services of a consulting firm to assist the Compensation Committee in fulfilling its duties. During 2022, our compensation committee retained Pearl Meyer as an independent compensation consultant to provide executive compensation advisory services. The compensation committee

has evaluated Pearl Meyer's independence pursuant to the requirements of Nasdaq and SEC rules and has determined that Pearl Meyer does not have any conflicts of interest in advising the compensation committee. Pearl Meyer did not provide any other services to the Company in 2022 for which the amount of fees exceeded \$120,000.

#### *Use of Market Data*

In designing pay programs and setting pay levels, our Compensation Committee reviews market data from comparable biotechnology companies. There are two primary sources of information: public peer company disclosures and published market compensation survey data. The survey data is used to obtain a general understanding of current compensation practices and not as a basis from which to justify or provide a framework for compensation decisions. Our independent outside compensation consultant assists in determining the peer group companies and provides all relevant peer group compensation data. Separately, we participate in and purchase access to Aon Radford's Global Compensation Database, which our Compensation Committee may use as a supplemental data point. Our Compensation Committee uses the market data to help structure a competitive executive compensation program and make individual compensation decisions based on comparable positions at companies with which we compete for talent. While our compensation committee does not establish compensation levels solely based on a review of competitive data or benchmark to any particular level, it believes such data is a useful tool in its deliberations as our compensation policies and practices must be competitive in the marketplace for us to be able to attract, motivate and retain qualified executive officers.

In September 2021, our Compensation Committee approved two peer groups for use in setting target pay opportunities for 2022. The U.S. peer group served as the primary frame of reference and the companies were selected to be comparable to Merus in terms of industry, valuation, stage, and size. In consultation with Aon, our Compensation Committee selected the peer group generally using the following criteria:

- Industry: biotechnology or pharmaceuticals;
- Valuation: \$250M - \$2.0B market capitalization;
- Stage: clinical phase 2 or 3; and
- Size: 75 – 600 employees.

## [Table of Contents](#)

Preference was given, where possible, to companies focused on oncology. The resulting peer group, which we refer to as the 2021 U.S. Peer Group consisted of the following companies:

Aeglea BioTherapeutics, Inc.	CytomX Therapeutics, Inc.	Mersana Therapeutics, Inc.	Syndax Pharmaceuticals, Inc.
Arcturus Therapeutics Holdings Inc.	ImmunoGen, Inc.	Molecular Templates, Inc.	Syros Pharmaceuticals, Inc.
Arcus Biosciences, Inc.	Inhibrx, Inc.	NGM Biopharmaceuticals, Inc.	TCR2 Therapeutics Inc.
Atara Biotherapeutics, Inc.	Kura Oncology, Inc.	REGENXBIO Inc.	XBiotech Inc.
Crinetics Pharmaceuticals, Inc.	MacroGenics, Inc.	Scholar Rock Holding Corporation	Zymeworks Inc.

In order to understand the pay practices of comparable European biotech companies, or those with substantial operations in both Europe and the U.S., our Compensation Committee also approved a secondary peer group to be used for reference. This peer group, which we refer to as the 2021 European Peer Group was selected based on the same set of criteria used to select the 2021 U.S. Peer Group companies, except that in certain instances Aon relaxed the ranges to ensure a sufficient sample size given the limited number of companies from Europe reporting compensation information. The 2021 European Peer Group consisted of the following companies:

AC Immune SA	Bicycle Therapeutics plc	Immatics N.V.	uniQure N.V.
Adaptimmune Therapeutics plc	COMPASS Pathways plc	Molecular Partners AG	Zealand Pharma A/S
Affimed N.V.	DBV Technologies S.A.	Nordic Nanovector ASA	
Autolus Therapeutics plc	Formycon AG	ProQR Therapeutics N.V.	

Subsequently, in September 2022, our Compensation Committee updated the peer groups to reflect our progress and profile. In consultation with Pearl Meyer our Compensation Committee updated the U.S. peer group generally using the following criteria:

- Industry: biotechnology or pharmaceuticals;
- Valuation: \$300M - \$3.0B market capitalization, on a trailing 6-months average basis;
- Stage: clinical; and
- Size: 50 – 500 employees at the last fiscal year end, and <\$400M in trailing 12 months operating expense.

Preference was given, where possible, to companies in phase 2 or 3 and/or those focused on oncology. As a result, our Compensation Committee determined to make the following changes on the basis of either valuation, stage or size:

- Removals: Aeglea BioTherapeutics, Inc., Atara Biotherapeutics, Inc., Cytomx Therapeutics, Inc., MacroGenics, Inc., Molecular Templates, Inc., Syros Pharmaceuticals, Inc. TCR2 Therapeutics Inc., and XBiotech Inc.
- Additions: Celldex Therapeutics, Inc., Day One Biopharmaceuticals, Inc., EQRx, Inc., Erasca, Inc., Iovance Biotherapeutics, Inc., iTeos Therapeutics, Inc., Replimune Group, Inc., and Revolution Medicines, Inc.

The resulting peer group, which we refer to as the 2022 U.S. Peer Group consisted of the following companies:

Arcturus Therapeutics Holdings Inc.	EQRx, Inc.	iTeos Therapeutics, Inc.	Replimune Group, Inc.
Arcus Biosciences, Inc.	Erasca, Inc.	Kura Oncology, Inc.	Revolution Medicines, Inc.
Celldex Therapeutics, Inc.	ImmunoGen, Inc.	Mersana Therapeutics, Inc.	Scholar Rock Holding Corporation
Crinetics Pharmaceuticals, Inc.	Inhibrx, Inc.	NGM Biopharmaceuticals, Inc.	Syndax Pharmaceuticals, Inc.
Day One Biopharmaceuticals, Inc.	Iovance Biotherapeutics, Inc.	REGENXBIO Inc.	Zymeworks Inc.

Similarly to the prior year, our Compensation Committee also approved a peer group of European biotech companies, or those with substantial operations in both Europe and the U.S. to serve as an additional frame of reference. Our Compensation Committee updated the European Peer Group using the following criteria:

- Industry: biotechnology or pharmaceuticals; and
- Valuation: \$300M - \$3.0B market capitalization, on a trailing 6-months average basis.

As a result, the Compensation Committee determined to make the following changes on the basis of valuation:

- Removals: AC Immune SA, Autolus Therapeutics plc, DBV Technologies S.A., Nordic Nanovector ASA, and ProQR Therapeutics N.V.
- Additions: ADC Therapeutics SA, Exscientia plc, Immunocore Holdings plc, Silence Therapeutics plc and Valneva SE.

The resulting peer group, which we refer to as the 2022 European Peer Group consisted of the following companies:

Adaptimmune Therapeutics plc	COMPASS Pathways plc	Immunocore Holdings plc	Valneva SE

Affimed N.V.	Formycon AG	Silence Therapeutics plc

## ELEMENTS OF COMPENSATION

The primary elements of our NEOs' compensation and the main objectives of each are:

- *Base Salary.* Base salary attracts and retains talented executives, recognizes individual roles and responsibilities, and provides stable income;
- *Annual Performance-Based Incentive Compensation.* Annual performance bonuses promote short-term performance objectives and reward executives for their contributions toward achieving those objectives;
- *Equity Based Long-Term Incentive Compensation.* Equity compensation, provided in the form of options during 2022, aligns executives' interests with our shareholders' interests, emphasizes long-term financial and operational performance, and helps retain executive talent.

In addition, our NEOs are eligible to participate in our health and welfare programs, our 401(k) plan for those in the US, and our retirement pension scheme for those in the Netherlands, in each case, on the same basis as our other employees. Merus US, Inc. has also entered into employment agreements with each of our NEOs, which provide for severance payments and benefits upon certain terminations without cause or resignation for good reason. Our compensation committee believes that these types of arrangements are necessary to attract and retain executive talent and are a customary component of executive compensation. Each of these elements of compensation for 2022 is described further below.

### *Base Salaries*

We pay our named executive officers a base salary to compensate them for the satisfactory performance of services rendered to our Company. The base salary payable to each named executive officer is intended to provide a fixed component of compensation reflecting the executive's level of responsibility and performance. We periodically review market data for base salaries with Pearl Meyer, the Compensation Committee's independent compensation consultant, and adjust base salaries periodically based on several factors, including changes in market data, individual performance and experience, or changes in responsibilities.

In February 2022, the board of directors, based on the recommendation of the Compensation Committee, approved increases to the base salaries of Dr. Lundberg Dr. Liu, Mr. Silverman and Dr. Joe to \$599,254, \$424,453, \$450,000, and \$460,307 respectively, effective as of January 1, 2022. The 2022 base salary increases were provided based on a number of factors considered by the Compensation Committee, including individual performance, inflation rates and in an effort to align the base compensation of these executives with the 50<sup>th</sup> percentile of our U.S. peer group companies for similar positions.

#### *Annual Performance-Based Incentive Plan*

We maintain an annual performance-based incentive plan pursuant to which we may grant our employees, including our named executive officers, incentive cash bonuses based upon corporate and individual performance. We generally pay annual cash bonuses based upon the achievement of set corporate level and personal goals for the period. Achievement of the targets is measured following year-end and the actual bonus amounts paid to our named executive officers are determined by our board of directors, based on the recommendation of the compensation committee.

Each named executive officer has an annual target bonus that is expressed as a percentage of base salary. The 2022 target bonus amount for each named executive officer, expressed as a percentage of base salary, was 55% for Dr. Lundberg and 40% for each of our other NEOs.

At the beginning of each year, the board of directors (considering the recommendations of the compensation committee and management) sets corporate and individual goals and objectives for the year. The corporate objectives for our 2022 performance-based incentive plan accounted for 90% of the bonus opportunity for Dr. Lundberg, and 70% of the bonus opportunity for our other NEOs and generally related to factors such as the advancement of lead pre-clinical and clinical candidates, identification and execution of preparatory commercial development and business development activities, and achievement of certain general and administrative goals. The board of directors, upon recommendation of the compensation committee, determines the level of achievement of corporate goals for each year. There is no bonus earned for a particular corporate performance goal if performance is below 40% of target performance and achievements under the corporate performance goals are capped at 200% of target performance. Individual objectives are established annually and, in 2022, accounted for 10% of Dr. Lundberg and 30% of each of our other NEO's bonus opportunity.

The individual component of each NEO's bonus award is based on the achievement of individual objectives related to the NEO's area of responsibility within our company; however, the board of directors retains discretion to increase or decrease annual bonus achievement levels based on a subjective assessment of the NEO's overall performance of his duties. There is no bonus earned for the individual performance goals if performance is below 40% of target performance and achievements under the individual performance goals are capped at 150% of target performance for each NEO. When factored with the maximum achievement levels under the corporate performance objectives and the relative weighting for

## [Table of Contents](#)

each NEO, this results in a maximum performance bonus for Dr. Lundberg equal to 195% of his target bonus and a maximum performance bonus for our other NEOs equal to 185% of each NEOs respective target bonus.

All final bonus payments to our NEOs are determined by our board of directors, based upon the recommendation of our compensation committee. The actual bonuses awarded in any year, if any, may be more or less than the target, depending on individual performance and the achievement of corporate objectives and may also vary based on other factors at the discretion of the board of directors.

### *2022 Corporate Performance Objectives and Achievement Levels*

The 2022 corporate performance objectives were aggressive and set at challenging levels such that the attainment of target performance was not assured at the time they were set and would require a high level of effort and execution on the part of the executive officers and others in order to achieve the goals. The compensation committee believes that each of these goals is strongly aligned to the creation of long-term value for our shareholders and our other stakeholders.

The table below provides additional details regarding our 2022 corporate performance objectives, including a description of such objectives, the relative weighting, and the board of director's assessment of our actual performance against these objectives:

The amounts paid to our named executive officers under our performance-based incentive compensation plan for 2022 are set forth below in the Summary Compensation Table in the column entitled “Non-Equity Incentive Plan Compensation.”

*Long-Term Incentive Plan*

We view equity-based compensation as a critical component of our balanced total compensation program. Equity-based compensation creates an ownership culture among our employees that provides an incentive to contribute to the continued growth and development of our business and aligns the interests of executives with those of our shareholders. We do not currently have any formal policy for determining the number of equity-based awards to grant to our NEOs.

Our compensation committee believes it is essential to provide equity-based compensation to our executive officers in order to link the interests and risks of our executive officers with those of our shareholders, reinforcing our commitment to ensuring a strong linkage between

## [Table of Contents](#)

company performance and pay. We grant options to our named executive officers as the long-term incentive component of their compensation. Our options have an exercise price at least equal to the fair market value of a common share on the date of grant and typically vest as to 25% of the shares subject to the option on the first anniversary of the vesting commencement date and in 36 substantially equal monthly installments thereafter, subject to the holder's continued employment with us and potential accelerated vesting in certain circumstances as described below under "Employment Agreements."

During 2022, the named executive officers were granted options as set forth in the following table. The options vest pursuant to our standard vesting schedule described above. See the Outstanding Equity Awards at 2022 Financial Year End table below for additional information on these awards.

<b>Named Executive Officer</b>	<b>Number of Shares subject to 2022 Options</b>
Sven (Bill) Ante Lundberg, M.D.	295,000
Hui Liu, Ph.D.	83,000
Peter Silverman, J.D.	83,000
Andrew Joe, M.D.	83,000

### *Retirement, Health, Welfare and Additional Benefits*

We maintain a 401(k) retirement savings plan for employees of Merus US, Inc. employed in the United States who satisfy certain eligibility requirements. Our named executive officers in the United States are eligible to participate in the 401(k) plan on the same terms as other full-time employees. Currently, we match 50% of contributions made by participants in the 401(k) plan up to 3% of the employee's contributions, and these matching contributions are fully vested as of the date on which the contribution is made. We believe that providing a vehicle for tax-deferred retirement savings adds to the overall desirability of our executive compensation package and further incentivizes our employees, including our named executive officers, in accordance with our compensation policies.

For our employees employed in the Netherlands, we offer a retirement pension scheme for employees as of 21 years old. At the day that the employee retires, the employee receives a monthly pension for life. We use the career average pay plan. Under this plan the employee will accrue pension benefits based on the employee's salary minus the AOW offset, which for 2022 is €14,802 and for 2023 is €16,322. The AOW pension is a basic state pension provided by the Dutch government to people who have reached AOW pension age. AOW is short for *Algemene Ouderdomswet*, the National Old Age Pensions Act. The employee accrues 1.875% of this base amount each year. The employee can accrue pension benefits up to a maximum salary amount of €114,866 per year. The employee pays 3% contribution on the employee's pension based salary. If an employee dies before the employee's retirement date, leaving behind a partner and/or child(ren), the partner will receive a partners pension, ANW gap pension, and the child(ren) will receive an orphans' benefit. Our costs for this benefit depend on the price and the interest rates and varies each year due to variable return correction.

Our named executive officers are eligible to participate in our employee benefit plans and programs, including health and welfare plans, to the same extent as our other full-time employees, subject to the terms and eligibility requirements of those plans and programs.

During 2022 we provided a housing allowance to Dr. Lundberg and Mr. Silverman in the amount of \$24,956 for Dr. Lundberg and \$7,371 for Mr. Silverman to cover costs associated with housing in the Netherlands, which amounts are reflected in the “All Other Compensation” column of the 2022 Summary Compensation Table below. We did not provide any other perquisites to our named executive officers in 2022.

### ***Employment Agreements***

Merus US, Inc. has entered into employment agreements with each of our named executive officers, which provide for severance payments and benefits upon certain terminations without cause or resignation for good reason. Our compensation committee believes that these types of arrangements are necessary to attract and retain executive talent and are a customary component of executive compensation. In particular, such arrangements can mitigate a potential disincentive for our NEOs when they are evaluating a potential acquisition of the Company and can encourage retention through the conclusion of the transaction. The payments and benefits provided under the employment agreements are designed to be competitive with market practices. A description of these agreements is provided below. For information on the estimated payments and benefits that our NEOs would have been eligible to receive upon certain terminations of employment as of December 31, 2022, see “*Potential Payments Upon Termination or Change in Control*” below.

#### *Employment Agreement with Dr. Lundberg*

In December 2019, Merus US, Inc. entered into an employment agreement with Dr. Lundberg.

If Dr. Lundberg’s employment is terminated by Merus US, Inc. without cause or due to Dr. Lundberg’s resignation for good reason, then subject to his executing a general release of claims and continuing compliance with a proprietary information agreement, Dr. Lundberg will be entitled to receive (i) base salary continuation payments for 12 months; (ii) payment for any earned but unpaid annual bonus for the year prior to the year of termination, and (iii) direct payment of or reimbursement for continued medical, dental or vision coverage pursuant to COBRA for up to 12 months.

If Dr. Lundberg’s employment is terminated by Merus US, Inc. without cause or due to Dr. Lundberg’s resignation for good reason, in either case, within 12 months following a change in control, then subject to his executing a general release of claims and continuing compliance with a proprietary information agreement, Dr. Lundberg will be entitled to receive, in lieu of the severance payments and benefits described above, (i) a lump sum payment equal to 1.5 times the sum of his base salary and target annual bonus; (ii) payment for any earned but unpaid annual bonus for the year prior to the year of termination; (iii) direct payment of or reimbursement for continued medical, dental or vision coverage pursuant to

COBRA for up to 18 months; and (iv) accelerated vesting of any portion of his time-based equity awards that is unvested as of the date of such termination.

The proprietary information agreement and the release of claims contain restrictive covenants which restrict Dr. Lundberg's ability to compete with the Company for a period of 12 months following his termination of employment or solicit the Company's employees, consultants, independent contractors, customers or suppliers for a period of 12 months following termination, subject to Merus US, Inc.'s obligation to pay Dr. Lundberg 50% of his highest annualized base salary for the two year period prior to his termination (or the severance described above) if Merus US, Inc. decides to enforce the non-competition restriction.

#### *Employment Agreement with Dr. Liu*

In 2022, under Dr. Liu's then current employment agreement, if Dr. Liu's employment was terminated by the Company without cause or due to his resignation for good reason, then subject to him executing a general release of claims and continuing compliance with a proprietary information agreement, Dr. Liu would be entitled to receive base salary continuation payments for 6 months.

If Dr. Liu's employment was terminated by the Company without cause or due to his resignation for good reason, in either case, within 12 months following a change in control, then subject to him executing a general release of claims and continuing compliance with a proprietary information agreement, Dr. Liu would be entitled to receive, in lieu of the severance payments and benefits described above, (i) a lump sum payment equal to six months of his base salary and 50% of his target annual bonus; and (ii) direct payment of or reimbursement for continued medical, dental or vision coverage pursuant to COBRA for up to nine months.

In February 2023, Dr. Liu entered into a new employment agreement with Merus US, Inc., superseding his prior employment agreement, pursuant to which, if Dr. Liu's employment is terminated by Merus US, Inc. without cause or due to his resignation for good reason, then subject to him executing a general release of claims and continuing compliance with a proprietary information agreement, Dr. Liu will be entitled to receive (i) base salary continuation payments for 12 months; (ii) payment for any earned but unpaid annual bonus for the year prior to the year of termination, and (iii) direct payment of or reimbursement for continued medical, dental or vision coverage pursuant to COBRA for up to 12 months.

If Dr. Liu's employment is terminated by Merus US, Inc. without cause or due to his resignation for good reason, in either case, within 12 months following a change in control, then subject to him executing a general release of claims and continuing compliance with a proprietary information agreement, Dr. Liu will be entitled to receive, in lieu of the severance payments described above, (i) a lump sum payment equal to one times the sum of his base salary and target annual bonus; (ii) payment for any earned but unpaid annual bonus for the year prior to the year of termination; (iii) direct payment of or reimbursement for continued medical, dental or vision coverage pursuant to COBRA for

up to 12 months; and (iv) accelerated vesting of any portion of his time-based equity awards that is unvested as of the date of such termination.

The proprietary information agreement and the release of claims contain restrictive covenants which restrict Dr. Liu's ability to compete with the Company for a period of 12 months following his termination of employment or solicit the Company's employees, consultants, independent contractors, customers or suppliers for a period of 12 months following termination, subject to Merus US, Inc.'s obligation to pay Dr. Liu 50% of his highest annualized base salary for the two year period prior to his termination (or the severance described above) if Merus US, Inc. decides to enforce the non-competition restriction.

### *Employment Agreement with Mr. Silverman*

In 2022, under Mr. Silverman's then current employment agreement, if Mr. Silverman's employment was terminated by the Company without cause or due to his resignation for good reason, then subject to him executing a general release of claims and continuing compliance with a proprietary information agreement, Mr. Silverman would be entitled to a severance amount in cash equal to one times his base salary, and payment for any earned but unpaid annual bonus for the year prior to the year of termination.

If Mr. Silverman's employment was terminated by the Company without cause or due to his resignation for good reason, in either case, within 12 months following a change in control, then subject to him executing a general release of claims and continuing compliance with a proprietary information agreement, Mr. Silverman would be entitled to receive, in lieu of the severance payments described above, (i) a lump sum payment equal to one times his base salary and target annual bonus; (ii) payment for any earned but unpaid annual bonus for the year prior to the year of termination; and (iii) accelerated vesting of any portion of his time-based equity awards that is unvested as of the date of such termination.

Mr. Silverman was entitled to 4 months' notice upon any termination of employment under his prior employment agreement.

In January 2023, Merus US, Inc. entered into an employment agreement with Mr. Silverman replacing his employment agreement with Merus N.V., pursuant to which, if Mr. Silverman's employment is terminated by Merus US, Inc. without cause or due to his resignation for good reason, then subject to him executing a general release of claims and continuing compliance with a proprietary information agreement, Mr. Silverman will be entitled to receive (i) base salary continuation payments for 12 months; (ii) payment for any earned but unpaid annual bonus for the year prior to the year of termination, and (iii) direct payment of or reimbursement for continued medical, dental or vision coverage pursuant to COBRA for up to 12 months.

If Mr. Silverman's employment is terminated by Merus US, Inc. without cause or due to his resignation for good reason, in either case, within 12 months following a change in control, then subject to him executing a general release of claims and continuing compliance with a

proprietary information agreement, Mr. Silverman will be entitled to receive, in lieu of the severance payments described above, (i) a lump sum payment equal to one times his base salary and target annual bonus (and not less than 40% of his base salary); (ii) payment for any earned but unpaid annual bonus for the year prior to the year of termination; (iii) direct payment of or reimbursement for continued medical, dental or vision coverage pursuant to COBRA for up to 12 months; and (iv) accelerated vesting of any portion of his time-based equity awards that is unvested as of the date of such termination.

The proprietary information agreement and the release of claims contain restrictive covenants which, subject to certain professional responsibility rules, restrict Mr. Silverman's ability to compete with the Company for a period of 12 months following his termination of employment or solicit the Company's employees, consultants, independent contractors, customers or suppliers for a period of 12 months following termination, subject to Merus US, Inc.'s obligation to pay Mr. Silverman 50% of his highest annualized base salary for the two year period prior to his termination (or the severance described above) if Merus US, Inc. decides to enforce the non-competition restriction.

#### *Employment Agreement with Mr. Joe*

In July 2020, Dr. Joe entered into an employment agreement with Merus US, Inc., pursuant to which, if Dr. Joe's employment is terminated by Merus US, Inc. without cause or due to his resignation for good reason, then subject to him executing a general release of claims and continuing compliance with a proprietary information agreement, Dr. Joe will be entitled to receive (i) base salary continuation payments for 12 months; (ii) payment for any earned but unpaid annual bonus for the year prior to the year of termination, and (iii) direct payment of or reimbursement for continued medical, dental or vision coverage pursuant to COBRA for up to 12 months.

If Dr. Joe's employment is terminated by Merus US, Inc. without cause or due to his resignation for good reason, in either case, within 12 months following a change in control, then subject to him executing a general release of claims and continuing compliance with a proprietary information agreement, Dr. Joe will be entitled to receive, in lieu of the severance payments described above, (i) a lump sum payment equal to one times his base salary and target annual bonus; (ii) payment for any earned but unpaid annual bonus for the year prior to the year of termination; (iii) direct payment of or reimbursement for continued medical, dental or vision coverage pursuant to COBRA for up to 12 months; and (iv) accelerated vesting of any portion of his time-based equity awards that is unvested as of the date of such termination.

The proprietary information agreement and the release of claims contain restrictive covenants which restrict Dr. Joe's ability to compete with the Company for a period of 12 months following his termination of employment or solicit the Company's employees, consultants, independent contractors, customers or suppliers for a period of 12 months following termination, subject to Merus US, Inc.'s obligation to pay Dr. Joe 50% of his highest annualized base salary for the two year period prior to his termination (or the severance described above) if Merus US, Inc. decides to enforce the non-competition restriction.

## ***Tax Considerations***

*Clawback Policy.* We believe in maintaining best practices for our executive compensation program. While we do not currently maintain a formal “clawback” policy, we intend to adopt such a policy to the extent necessary to comply with the recently enacted (but not yet effective) regulations implementing the clawback policy requirements of the Dodd Frank Act and our equity incentive plan gives us the ability to have this policy apply to equity awards granted under the plan.

*Section 409A.* The compensation committee takes into account whether components of the compensation for our executive officers will be adversely impacted by the penalty tax imposed by Section 409A of the Code, and aims to structure these components to be compliant with or exempt from Section 409A to avoid such potential adverse tax consequences.

*Section 162(m).* Section 162(m) of the Code disallows a tax deduction to public companies for compensation in excess of \$1 million paid to “covered employees”, which generally includes all NEOs. While the compensation committee may take the deductibility of compensation into account when making compensation decisions, the compensation committee will award compensation that it determines to be consistent with the goals of our executive compensation program even if such compensation is not deductible by us.

## **COMPENSATION COMMITTEE REPORT**

The Compensation Committee has reviewed the “Compensation Discussion and Analysis” and discussed the analysis with management. Based on its review and discussions with management, the Compensation Committee recommended to the Board of Directors that the “Compensation Discussion and Analysis” be included in this Proxy Statement and incorporated by reference in the Company’s Annual Report on Form 10-K for the fiscal year ended December 31, 2022, filed with the SEC on February 28, 2023.

The program further provides for an automatic increase of the annual retainers on the first day of each calendar year by an amount equal to 3% of the value of such annual retainer in effect as of the end of the immediately preceding calendar year. The amounts described above for 2022 give effect to this annual increase.

## [Table of Contents](#)

Options granted to our board members under the program have an exercise price equal to the fair market value of our common shares on the date of grant and expire not later than ten years after the date of grant. The options granted upon a director's initial appointment vest as to 33% of the shares subject to the award on the first anniversary of the date of grant and in 24 substantially equal monthly installments thereafter. The options granted annually to directors vest in 12 substantially equal monthly installments following the date of grant. In addition, all unvested options vest in full upon the occurrence of a change in control. At our 2022 annual general meeting of shareholders, the shareholders approved an amendment to the program to increase the aggregate grant date fair value of the Initial Award to \$474,556, and the Annual Award to \$237,278. Further, the amendment also provided for the grant date fair value of the Initial Award and Annual Award to increase by up to 5% each year, subject to approval by our board.

Each board member is entitled to be reimbursed for reasonable travel and other expenses incurred in connection with attending meetings of the board of directors and any committee of the board of directors on which he or she serves. The board of directors may appoint observers to the board of directors, pending their formal appointment as a board member.

Following Dr. Lundberg's appointment as our President, Chief Executive Officer and Principal Financial Officer, he receives no additional compensation for his service on our board of directors.

## CEO PAY RATIO

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act and Item 402(u) of Regulation S-K, we are required to disclose the ratio of our Chief Executive Officer's annual total compensation to the annual total compensation of our other employees.

The annual total compensation for 2022 for our Chief Executive Officer was \$5,744,794, as reported in the Summary Compensation Table. The annual total compensation for 2022 for our median employee, identified as discussed below, was \$117,611, calculated in accordance with the rules applicable to the Summary Compensation Table. Based on this information, for 2022, the ratio of the annual total compensation of our Chief Executive Officer to the median of the annual total compensation of our other employees was approximately 49 to 1.

### ***Methodology, Assumptions and Estimates Used in Determining our Pay Ratio Disclosure***

We chose December 31, 2022 as the date for establishing the employee population used in identifying the median employee and used calendar year 2022 as the measurement period. We identified the median employee using the consistently applied compensation measure of salary and annual performance bonus for each employee employed as of December 31 2022 (other than our Chief Executive Officer). We annualized the compensation measure for permanent employees who joined in 2022. We captured all full-time, part-time, seasonal and temporary employees, consisting of approximately 206 individuals.

The annual total compensation of the median employee and the annual total compensation of the CEO were calculated in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K.

The pay ratio reported above is a reasonable estimate calculated in a manner consistent with SEC rules based on our internal records and the methodology described above. Because the SEC rules for identifying the median compensated employee and calculating the pay ratio based on that employee's annual total compensation allow companies to adopt a variety of methodologies, to apply certain exclusions, and to make reasonable estimates and assumptions that reflect their employee populations and compensation practices, the pay ratio reported above should not be used as a basis for comparison between companies by other companies. In addition, we expect the Company's annually reported pay ratio may vary significantly year over year, given the size of the Company and the potential variability in Company employee compensation.

(2) Compensation Actually Paid (CAP) has been calculated based on the requirements and methodology set forth in the applicable SEC rules. The CAP calculation includes the end-of-year value of awards granted within the applicable fiscal year, the change in fair value from prior year end of vested awards and the change in the fair value of unvested awards granted in prior years, regardless of if, when or at which intrinsic value they will actually vest. To calculate CAP the following amounts were deducted from and added to the total compensation number shown in the Summary Compensation Table.

**SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT****COMMON SHARES**

The following table sets forth information with respect to the beneficial ownership of our common shares, as of April 14, 2023, by:

- each person or group of affiliated persons known by us to beneficially own more than 5% of common shares;

The number of shares beneficially owned by each shareholder is determined under rules issued by the SEC. Under these rules, beneficial ownership includes any shares over which the individual or entity has sole or shared voting power or investment power. Applicable percentage ownership is based on 46,451,799 common shares outstanding as of April 14, 2023. In computing the number of shares beneficially owned by an individual or entity and the percentage ownership of that person, common shares subject to options, restricted share units or other rights held by such person that are currently exercisable or will become exercisable or will vest within 60 days of April 14, 2023 are considered outstanding, although these shares are not considered outstanding for purposes of computing the percentage ownership of any other person.

Unless noted otherwise, the address of all listed shareholders is c/o Merus N.V., Uppsalalaan 17, 3<sup>rd</sup> & 4<sup>th</sup> floor, 3584 CT Utrecht, the Netherlands. ### COLLABORATION AGREEMENT WITH INCYTE

---

We entered into a collaboration and license agreement (the “Collaboration Agreement”) with Incyte Corporation (“Incyte”). Under the terms of the Collaboration Agreement, we and Incyte agreed to collaborate with respect to the research, discovery and development of bispecific or monospecific antibodies utilizing our proprietary Biclonics® technology platform. The collaboration currently encompasses up to 10 independent programs. We have the option to co-fund development of products, if any, arising from one specified program, and subject to certain conditions, to a second specified program, in each case in exchange for a share of profits in the United States, as well as the right to participate in a specified proportion of detailing activities in the United States for one of such programs. If we exercise our co-funding option for a program, we would be responsible for funding 35% of the associated future global development costs and, for certain of such programs, would be responsible for reimbursing Incyte for certain development costs incurred prior to the option exercise. All products as to which we have exercised our option to co-fund development, if any, would be subject to joint development plans and overseen by a joint development committee, with Incyte having final determination as to such plans in cases of dispute.

For each program, where we have not elected to co-fund development or where we do not have such a co-funding option, Incyte is solely responsible for all costs of global development and commercialization activities. We retain the rights to our Biclonics® technology platform as well as clinical and pre-clinical candidates and future programs emerging from our platform that are outside the scope of the Collaboration Agreement.

For one of the then current preclinical programs referred to as Program 1, at the inception of the collaboration, we retained the exclusive right to develop and commercialize products and product candidates in the United States, while Incyte had the exclusive right to develop and commercialize products and product candidates arising from such program outside the United States. For Program 1, later designated as MCLA-145, we and Incyte conducted and shared equally the costs of mutually agreed global development activities. In January 2022, the Company announced that Incyte elected to opt-out of its ex-U.S. development of MCLA-145. Incyte’s opt-out of ex-U.S. rights to MCLA-145 provides us the exclusive right to develop and commercialize potential MCLA-145 products globally. Under the collaboration, Incyte will continue to support the program for a limited time while ex-U.S. activities are transitioned to us, and Incyte will also retain a right to a residual royalty of up to 4% on sales of future commercialization of MCLA-145, if approved.

In January 2017, upon the Collaboration Agreement becoming effective, Incyte made an upfront non-refundable payment to us of \$120 million for the rights granted under the Collaboration Agreement. For each program as to which we do not have commercialization or co-development rights, we are eligible to receive up to \$100 million in future contingent development and regulatory milestones and up to \$250 million in commercialization milestones, as well as tiered royalties ranging from 6% to 10% of global net sales. For each program as to which we have exercised our option to co-fund development, we are eligible to receive a 50% share of profits (or sustain 50% of any losses) in the United States and tiered royalties ranging from 6% to 10% of net sales of products outside of the United States, if any. If we opt to cease co-funding a program as to which we exercised our co-development option, then we will no longer receive a share of profits in the United States, but will be eligible to receive the same milestones from the co-funding termination date and the same tiered royalties described above with respect to non-co-developed programs and, depending on the stage at which we choose to cease co-funding development costs, additional royalties ranging up to 4% of net sales in the United States.

The Collaboration Agreement will continue on a program-by-program basis until neither party has any royalty payment obligations with respect to such program or, if earlier, the termination of the Collaboration Agreement or any program in accordance with the terms of the Collaboration Agreement. The Collaboration Agreement may be terminated in its entirety, or on a program-by-program basis, by Incyte for convenience. The Collaboration Agreement may also be terminated by either party under certain other circumstances, including material breach, or on a program-by-program basis for patent challenges of patents under the applicable program, in each case as set forth in the Collaboration Agreement. If the Collaboration Agreement is terminated in its entirety or with respect to one or more programs, all rights in the terminated programs revert to us, and, depending on the stage of research or development of the terminated program, subject to payment to Incyte of a reverse royalty of up to 4% on sales of future products, if we elect to pursue and are successful in development and commercialization of products arising from the terminated programs.

## REGISTRATION RIGHTS

---

### *Registration Rights Agreement with Incyte*

In connection with the Collaboration Agreement, we entered into a Share Subscription Agreement (the “Subscription Agreement”) with Incyte pursuant to which we agreed to register the common shares held by Incyte. We also agreed to use our reasonable best efforts to keep the registration statement effective until the earlier of (a) all of the common shares held by Incyte having been sold pursuant to an effective registration statement or in compliance with Rule 144 promulgated under the Securities Act, (b) at such time when the common shares held by Incyte could, in the opinion of counsel satisfactory to us, be sold by Incyte in a single transaction under the terms of the Subscription Agreement and the volume and manner of sale limitations under Rule 144 of the Securities Act, and (c) at such time as the registration statement registering the common shares has been effective for 42 months

following the expiration of the lock-up period of the common shares, which occurred in July 2018, as specified in the Subscription Agreement. Our duty to keep the registration statement effective terminated in 2022.

## INDEMNIFICATION AGREEMENTS

---

We have entered into agreements with our board of directors and our executive officers to indemnify them against expenses and liabilities to the fullest extent permitted by law. These agreements provide, subject to certain exceptions, for indemnification for related expenses including, among other expenses, attorneys' fees, retainers, court costs, transcript costs, fees of experts, witness fees, travel expenses, duplicating costs, printing and binding costs, telephone charges, postage, delivery service fees incurred by any of these individuals in any action or proceeding. In addition to such indemnification, we provide our board of directors and executive officers with directors' and officers' liability insurance.

We reserve the right to reject, rule out of order, or take other appropriate action with respect to any proposal that does not comply with these or other applicable requirements.

In addition to the use of mail, proxies may be solicited by personal interview, telephone, e-mail and facsimile by our directors, officers and other employees who will not be specially compensated for these services. We will also request that brokers, nominees, custodians and other fiduciaries forward soliciting materials to the beneficial owners of shares held by such brokers, nominees, custodians and other fiduciaries.
